Chancellor's Message

Dear students,

It gives me a great pleasure in interacting with you through this brochure. I believe that education is much more than the mere empowerment in terms of knowledge and skills. It also means inculcation of values and fostering of spirit of intellectual enquiry. In keeping with these objectives the Dr. D. Y. Patil Vidyapeeth, Pune offers professional programmes in an environment that is conducive to the all-round development of youth.

Blindness is one of the major health problems in developing countries. According to WHO statistics, there are more than 10 million blind and visually disabled people in India alone. This number could double by 2020. Nearly 81 percent of blindness can

be prevented, if there are enough eye-care professionals. In our country, there are only 20,000 Ophthalmologists to cater for the need of the 48 million visually handicapped. If students can be trained through proper courses of studies in optometry, they can work as primary eye-care specialists, who can do routine eye check-ups and detect many visual problems right at the Primary and District Health Centre level.

Just as 'Dentistry' became an independent discipline a few decades ago, 'Optometry' is now taught as a separate, independent professional course and practiced within a legal framework in USA, UK, Canada, Australia, New Zealand and many other countries.

Dr. D. Y. Patil Institute of Optometry and Visual Sciences, Pune a constituent Institute of Dr. D. Y. Patil Vidyapeeth, Pune is a centre of learning where you get state-of-the-art infrastructure and facilities as well as devoted faculty. The inspiring ambience of the institute will motivate you to do your best and, at the end of the programme, you will emerge as an accomplished professional, ready to contribute your best to the eye health care of the society.

I wish you the best of luck for admission to the Bachelor of Clinical Optometry (B.Optom.) course in Dr. D. Y. Patil Institute of Optometry and Visual Sciences. Pune
