# *From the Director's Desk*

Dear Students,

Biotechnology deals with an array of important activities with actual as well as potential impact on every sphere of human living and welfare: from food security, environmental protection, disease diagnosis and treatment, to national security. The field of biotechnology has, of late, pervaded and percolated to every dimension of human activity, thus leading to employment generation, large scale generation of useful products, trade, economy, health/well-being, and the quality of human life, throughout the world. Bioinformatics, on the other hand, is the application of computer technology to the management of biological information. It combines computer science with biology to gather, store, analyse and integrate biological and genetic information which can then be applied to drug discovery and development. Truly, Bioinformatics is an indispensable ally of researchers in every area of biological research.

The biotechnology industry comprises of various segments: Blue (aquatic), Green (agricultural), Red (medical) and White (industrial) biotechnology. While Bio-pharma deals with the production of vaccines, therapeutics and diagnostics, Agri-biotech deals with plant tissue culture, transgenic crops, bio-pesticides, and bio-fertilizers. Bioinformatics uses biological data and speeds up development of new products. Bio-industrial sector deals with bio-products manufacturing which are used in detergent, textile, food, leather, paper and pharmaceutical industry.

It is my immense pleasure to welcome you to the Dr. D.Y. Patil Biotechnology & Bioinformatics Institute (DYPBBI), Dr. D.Y. Patil Vidyapeeth, Pune for developing a career in Biotechnology and Bioinformatics. DYPBBI is dedicated to train and develop students in the field of Biotechnology. DYPBBI offers both UG and PG courses in Biotechnology, and Bioinformatics. We also offer Ph.D. programmes in Biotechnology and Bioinformatics. Learning at the Institute is supported by adequate and up-to-date infrastructure facilities including subject-specific laboratories and all relevant and modern instruments required for training. Recent Infrastructure support (DST-FIST) from the Department of Science & Technology (Govt. of India) is a big boost to develop our infrastructure further.

At the Institute, we have adequate number of quality faculty with expertise in various sub-areas in Biotechnology & Bioinformatics. International exposure and dedication is our other strength. We pay substantial attention to the essential requirement of hands-on experience through research projects. In this way, we ensure that the students become competent for further studies and employment at various organizations including industry.

Beyond this, DYPBBI is an exciting place for co-curricular and extra-curricular activities such as symposia and seminars, students' fests, quiz competitions, Science-day activities, blood donation camps and other such activities. These events provide students an opportunity to develop management and communication skills, as well as creating an excellent ambience for education in Biotechnology and Bioinformatics. We are very proud of our past students, many of whom are well-placed after completion of their studies.

I, along with my excellent team of student-centric teachers and administrative staff, welcome you to the exciting field of biotechnology through the DYPBBI. I wish you good luck for the forth coming All India Entrance Examination and shall be looking forward to your admission in our Institute.

- (ii) This answer sheet is of a special type and will be scanned on the computer by ICR. Therefore, the candidate shall handle the answer sheet very carefully. There will be two sides of the answer sheet. (Refer **Annexure - II**)

### iii) SIDE-I

This side of the answer sheet begins with instructions. The following information is to be filled neatly and accurately with a black/blue ball point pen only:

- a) Name
- b) Center Code
- c) Center (city in words)
- d) Application Form No.
- e) Seat no. (as mentioned in Admit Card)

- f) Signature of the candidate with date
- g) Signature of the Invigilator with date
- h) Test Booklet Number:

Each test booklet has a number. Write it at the appropriate place.

(iv) **SIDE-II**

This side is to be used for marking responses to questions numbered 001 to 100. First, enter your seat number, Test booklet serial number & test booklet code with black ballpoint pen only. For every question number, four circles are provided under columns A, B, C and D. The letters A, B, C, and D also appear within the circles. Darken appropriate circle with black ballpoint pen.

The candidates must indicate their response to the question by darkening the appropriate circle completely. For example:

Q.3 Taj Mahal is located in

- (A) Mumbai (C) Delhi
- (B) Agra (D) Jaipur

The correct response is (B). The candidate will locate question number in the answer sheet and darken the circle (B) as shown below:

	(A)	(B)	(C)	(D)
1.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
2.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
