From the Chairman's Desk

Universal Business School is a truly global b-school dedicated to international education and business, relevant to the global economy, industry and society.

It is said that success rides on time. The world demands managers and business leaders who can lead businesses to the forefront of the world economy. UBS is a B-School with a "Soul". In a short span of time, UBS has achieved a tradition in delivering a learning experience that is rigorous, relevant and rewarding. Our role is to challenge and inspire students, and ultimately enable them to achieve their potential for both personal and professional growth.

The school has a broad portfolio of successful programmes that are of great demand, including its BBA, MBA, Executive MBA. Since UBS is "By the industry For the Industry", our distinguished faculty is equipped with corporate experience and academic excellence. They deliver value through the practical application of their knowledge and learning. We have world class faculty from prestigious institutes like INSEAD, Stanford, Oxford, IIM's and JBIMS with a commitment to provide students top rate business education.

With impressive international accreditations like AMBA, our partners are also accredited by AACSB International (Association to Advance Collegiate Schools of Business) and the European Federation for Management Development (EFMD), endorsements that the School has met the highest standards for business education. We develop innovative and socially responsible business leaders with a global perspective through education, inspired by research and grounded in practice.

I am excited by the opportunity to play a significant role in shaping the future of our local community and communities around the world. With a motivated, world-class faculty, a bright and talented student population and a staff that brings professional service to both, I am confident we can contribute to resolving the challenges of today by fostering innovative and responsible decision making for the future.

Business as Casual Universal Business School, Karjat

In his 1st year BBA at Universal Business School (UBS) in Karjat, Maharashtra, Tej Pratap, 17, a US student of Indian origin, runs Shakespeare's Kitchen, a personal venture, out of his Perkins Eastman-designed four-bedroom campus home. It's a one-man show. He puts out a small weekly menu of pasta and sandwiches which he makes in the induction stove in his kitchenette. He offers doorstep delivery on a tray to students.

It's the kind of spirit of enterprise that Tarundeep Singh Anand, 39, co-founder of UBS along with his father Gurdip Singh Anand, 71, and realtor Babulal Varma, 45, is looking for. Tarundeep, along with six academic council members, reviews the entire career of a student so as not to admit someone on the basis of just one exam. For instance, UBS admitted a girl who had raised Rs 2 lakh in a college marketing campaign.

In its first year, UBS, with 90 students, is a Rs 1,000-crore university. It offers a three-year, AICTE-certified BBA and a 15-month MBA, with an option of obtaining both degrees from Cardiff Metropolitan University, UK.

Universal Business School, Karjat, Maharashtra
 INNOVATIVE ROOM HAS 10 touch trading terminals worth Rs 2 crore.
 ACCOMMODATION 58 four-bedroom campus homes, each 1,300 sq ft.
 CLASSROOMS Three 40-seater amphitheatres, with six multimedia, touchscreen projection systems.

A business school with a soul

Universal Business School is a unique business school founded by CEOs of leading Indian as well as international companies where the best of everything has been incorporated

Students view highlight

"Faculties are moulding us into polished diamond. Where ever we go the room will tilt towards us". - **Sanchita Hazra** a UBS student from Kolkata.

"Love the idea about focusing on ethics and green thinking. This is cultivated in each student from Day One. Way to go UBS!". - **Puneet Pandey** a UBS student from Lucknow

"UBS is one of the most unique business schools in India, which not only gives the knowledge of management but pushes us to think beyond education.". - **Nitin Verma** from Varanasi

"I believe that UBS has very good teaching faculty and all professors are very knowledgeable". - **Amruta Khairnar** a UBS student from Karjat

"I like the level of knowledge the professors possess and the unique experiential learning here makes students ready for the job.". - **Shashwat Shakti** from Ranchi

"UBS has been an opportunity to improve my skills thanks to varied lectures and meeting with a new culture". - **Anais Remon** a french student

WITH the growing number of business schools coming up in different parts of the world, here is a distinct school that has been founded by successful CEOs who have been providing valuable guidance to the students there. This is the Universal Business School (UBS). Here's a view of the UBS campus through the students' point of view:

The CEO advantage

UBS has the distinct advantage of being founded by CEOs who have run multi-billion-dollar businesses in over 100 countries. The 58 CEO endorsement give UBS the ultimate corporate recognition which makes it a dream destination for those who want to kickstart their career with a bang. The unique business school has been founded by professional CEOs who coach, mentor and teach students to

follow in their footsteps and where students have a ready market to seek employment. Through live projects and the unique 'Taught by a CEO' initiative UBS make each student an attractive package for recruiters. Jainisha Varma, a student from Sirkar, says, "The face to face interaction with top notch business leaders shows us a totally new dimension."

Experiential learning

Students here appreciate the experiential learning rather than theory. They have an access to professional tools that allow them to trade global markets in real-time through the exclusive use of the Thomson Reuters Trading Room for the first time in Asia. UBS classrooms have V-SAT connectivity for live interactive sessions with global business leaders.

Estelle Berton, a French UBS

student, says, "UBS has helped me improve my adaptability skills and green thinking."

Fueling entrepreneurship

UBS has set up an Incubation Centre with its Innovation and Venture hub to be co-chaired by UBS co-founder Tarun Anand and Stanford's Dr Sanjeev Kaushal. This centre has an initial corpus of \$1 million which will be provided as the initial seed capital and mentorship in exceptional business ideas harnessing the entrepreneurial streak among students so that they can be employment generators rather than job seekers.

"We believe that India needs more centres of innovation. We want to provide early access as well as a pathway to budding student entrepreneurs. An ecosystem is essential to build a sustainable model of entrepreneurship," said Dr Kaushal.

Excelling the green way

UBS is India's first eco-friendly business school. From the outset of the design to the shaping of the curriculum, Green is one of the founding pillars of UBS. At UBS, they believe that solutions to climate change should be found. UBS has employed rain water harvesting, waste recycling and reduced power consumption through sustainable climate-friendly buildings. UBS infuses Green Thinking in each classroom through innovative green subjects like Green IT and Green Marketing.

Sidharth Sainath, a student from Bangalore, says, "This is one unique college with a green mission as the motto. A college with a refreshing insight on ecological values and ethos."

The soulful B-school

A powerful mix of liberal education (arts, literature, world

economics, psychology, geography) in the curriculum at UBS gives the flavor of top international universities. Emilie Benz, a French student, says, "Understanding the Indian culture gave me the strength to face multicultural issues that might crop up in my future professional life. It was an honour to be the first international students of UBS." The same sentiment was echoed by the Indian students as well.

Faculty attraction

World-class faculty from Anderson (UCLA), Stanford, INSEAD, UBS brings best quality education in an affordable grasp of Indian students. The Indian faculty have been CEOs and directors of leading Indian and international companies. Mary Francis, a student, says, "Professors take great efforts to explain us concepts."

Truly Global Business Schools in India

Going Abroad for an MBA v/s Doing your MBA in an International Business School in India

The dream of every India MBA aspirant is global exposure. Four private Indian B-schools come closest to giving their students a feel of being on a global campus. These institutions are specialists (unlike Universities who are generalists) and focus all their resources in delivering world class MBA education. They have all developed Industry Integrated programs, excellent faculty, innovative pedagogy and ensure that their students get opportunities in leading companies. They are all led by Boards who have exceptional global backgrounds.

Indian School of Business, Hyderabad

Founded by Rajat Gupta, Former CEO of McKinsey & Anil Kumar from Harvard and Wharton respectively who with the help of Wharton Business School & Kellogg School established India's first truly Global Business School, which featured in top International rankings. They grew to 850 students spread over two campuses in Hyderabad & Mohali. They have Academic alliances with Fletcher School, Tufts University and Wharton School to develop Institutes

by Aspen Institute, US, to develop Programs and has a Partnership with IBM for research. What was unique of SPJIMR is that they limited the number of students of the flagship program to just 240 and resisted the temptation of getting into additional campuses which has ensured that they are able to deliver a truly remarkable global education experience.

SP Jain Institute of Management, Mumbai

Established by the Bharati Vidyā Bhavan, SPJIMR has grown in stature to command respect from corporations across India and abroad. SPJIMR became the only Asian Institute invited

Universal Business School, Mumbai

Founded by Global CEOs Gurdip Anand, Babulal Varma and Tarun Anand, educated at JBIMS, SP Jain Mumbai, Tuck B-School, Michigan B-School, IMD and IE B-School. UBS is endorsed by 60 CEOs and became the

first AICTE Approved Indian B-School to offer an International MBA Degree from Cardiff Metropolitan University, UK. UBS partnered with Thomson Reuters to develop Asia's first Global cross asset trading room to allow students to get live global markets experience. UBS follows the SPJIMR philosophy of limiting its intake to 300 students.

Great Lakes Institute of Management, Chennai

Founded by Bala Balachandran of Kellogg School of Management fame, was established to compete with ISB, Hyderabad, with a vision to become the leading management institution in India providing Quality Education at an affordable cost. Great Lakes follows a Gurukulam system where faculty and students live on Campus. Great Lakes has 357 students and has established another Campus in Gurgaon.

Financial Decision

The Return on Investment argument is clearly in favor of studying in India, as the costs range from rupees 10-28 Lacs as compared to an International MBA, costing between rupees 25-60 Lacs. If you are lucky to secure your admission in any of the four, your ROI could jump significantly, especially for the one year MBA program. But rest assured you will get a life changing experience where time will fly and you would be ready to take your step into a corporate career or turn an entrepreneur.

Student Services

Career Development

UBS focuses on making the students corporate ready while they continue with their academic goals. Our inhouse SAVI model starts with self-assessment of each student on competencies, goals, value propositions and individual SWOT. The internal faculty and industry professionals evaluate each student through a validation process to identify the gaps and prepare a student road map so that we can build on the strengths of the students through regular industry interventions.

Mentoring & Counselling

Each student has a mentor on campus who they meet every week on Tuesdays. The Mentor acts as the "Local guardian" and coaches the students on academic performance, personal issues, behavioural issues, personal grooming, current affairs, mock interviews and career building.

Placement Services

Our massive placement team has its presence PAN India offering multiple placement and internship opportunities to our students with 210+ companies on campus. The team facilitates the interview & selection process and works closely with students for building their network.

Finance & Welfare Advisory

Our Finance & Welfare Advisory team aims at supporting the students to avail education loans from banks, advise them on eligibility criteria, documentation and merit based scholarships.

Health & Medical Facilities

Minor injuries and ailments are taken care by our in-house physician who is available round the clock for the students. In case of serious medical emergencies, a multi-speciality hospital Dhirubhai Ambani Hospital is 20 minutes away from the campus and the admin manager personally aides the students.

Disability Services

Keeping the motto of being an inclusive b-school, the campus has been designed to be disabled friendly and facilities are provided to the differently abled students.

Multi Faith Community

Being a truly Universal B-School, UBS is one big multi-faith family where all the cultural events and festivals across all religions are celebrated with great enthusiasm and love.

Transport Facilities

Daily transportation services are provided to & from UBS campus to Karjat station and market. Campus car and driver services are also available for the students on 12 hour hire basis. For local commutation, another option is auto rickshaws which are available from right outside the campus.

Festivals & Rush4Rush

We work hard and party harder. Being a multi-cultural community, we celebrate each and every festival with same enthusiasm and charm. Our inter collegiate festival, RUSH4RUSH is numero uno and one of a kind which brings all the students on the same platform to showcase their various talents.

Mumbai – The City of Dreams

Welcome to India's commercial capital – A city of opportunities, exciting careers and proud heritage. A city that never sleeps, A city of seven islands, City of Firsts.....

In terms of job opportunities, there is no city in South East Asia which can compete with Mumbai. There are literally millions of executive jobs all the way from a total yearly remuneration of 5 Lacs to 500 Lacs (over a million US Dollars). Mumbai is "The City of Opportunity" for bright professional executives and managers. The number of people who have made it up the corporate ladder in Mumbai easily goes into the millions.

In the Lap of Nature

If you can keep your head when all about you
Are losing theirs and blaming it on you,
If you can trust yourself when all men doubt you,
But make allowance for their doubting too;
If you can wait and not be tired by waiting,
Or being lied about, don't deal in lies,
Or being hated, don't give way to hating,
And yet don't look too good, nor talk too wise:

If you can dream—and not make dreams your master;
If you can think—and not make thoughts your aim;
If you can meet with Triumph and Disaster
And treat those two impostors just the same;
If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
And stoop and build 'em up with worn-out tools:

If you can make one heap of all your winnings
And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings
And never breathe a word about your loss;
If you can force your heart and nerve and sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you
Except the Will which says to them: 'Hold on!'

If you can talk with crowds and keep your virtue,
Or walk with Kings—nor lose the common touch,
If neither foes nor loving friends can hurt you,
If all men count with you, but none too much;
If you can fill the unforgiving minute
With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it,
And—which is more—you'll be a Man, my son!
