ACADEMIC STRATEGY

NIFT

Embarks on a New Journey

In the re-articulation of its vision and mission statements, NIFT is signalling its willingness to adapt to disruptive times, in ways that embrace both change and continuity. The business of fashion itself is evolving rapidly, appropriating to itself both future technologies and value systems, trying to reconcile the pace of big data with that of sustainability and slow fashion. It also keeps abreast of trends be they economic, socio-political or cultural, and orients itself to the new dynamic. The identity of a nation and its cultural legacy go hand in hand, and through its close connect with the heritage of arts and crafts of a very ancient land, NIFT has nurtured some of the foremost practitioners in the area of Indian handlooms and handicrafts.

Over the years, the role and possibilities of design, management and technology have expanded manifold. Design thinking has the potential to intervene in everyday practices through the actions of curious and creative learners, doers and thinkers. And it integrates the needs of people, the possibilities of technology and the requirement for business success.

No institution can move forward that does not introspect, and does not have its ears to the ground for innovations. At NIFT we constantly endeavour to stay ahead of the industry and provide future leaders for the fashion scenario of India. The NIFT campus is a vibrant, exciting and happening place where ideas collide and transform, and make their creators embark on exciting journeys of discovery and opportunity.

In our endeavour to continually upgrade ourselves, we periodically review our curriculum with inputs from our stakeholders—the industry and alumni and our peers in fashion education. Every such review brings with it a more nuanced appreciation of contemporary practice and its portents, and takes us on a new journey.

There is a whole new level of interchangeability and diminishing boundaries of various disciplines as of today, that are emerging as career and future practice. Technical skillsets need to be complemented by soft skills. Creativity is to be nourished by enterprise. The ability to assimilate is nourished by the opportunity to explore. The methodology of academic transaction should be such as to encourage resilience –the holistic understanding of contexts, the flexibility to adopt new ideas, and the capability to persevere.

This new journey that NIFT has embarked upon is about creating new paradigms to explore creativity, new frameworks to cement technical skills, new opportunities for industry linkages, new parameters for evaluation and renewed affirmation of its core values and strengths.

THE Curriculum

Programme Structure

NIFT has adopted a format of Majors, Deepening Specialisations, Minors and General Electives. Inter disciplinary Minors provide individuated pathways that would permit students to acquire interdisciplinary skillsets and opt for a set of subjects that complement studies in one's major or explore an unrelated area of intellectual interest. General Electives have been offered to the students to help them enhance their personality and develop interests in specific areas like Personality Development, Communication Skills, Critical Thinking Skills, Professional Ethics etc. The Craft Cluster Initiative has been integrated into the curriculum. Increased Industry interaction for students through classroom projects, internships and part transaction in Industry Environment is the focus of the restructured curriculum.

Pedagogy

Academic Transaction

The methodology of academic transaction at NIFT is aimed at giving the student a holistic understanding of subject, context and environment, and the ability to innovate and adapt. Study at NIFT is a combination of contact hours, studio practice, group work, and self study. It also provides an immersive learning experience, with emphasis on learning from doing and learning through reflection.

Interdisciplinarity

A range of interdisciplinary minors have been made available to the students to choose from. The knowledge and skill sets acquired will stand them in good stead in their future careers, and will either enhance or provide alternate pathways.

Specialisation

Students are given the opportunity to deepen their understanding of a part of their core majors through a deepening specialisation, which will give them a further edge in specific industries. Floating credits are also offered for the student keen on learning beyond the regular curriculum.

The Industry Connect

The new curriculum enhances the NIFT engagement with industry, through institutionalising industry visits, visits to exhibitions and fairs, part transaction of subject in an industry environment, industry mentorship and live classroom projects based on an industry brief.

General Electives

An array of subjects from physical activities to socio cultural studies to personality development and professional ethics have been woven into the course, and are transacted through subject experts. The intent is to foster a climate of exploration and curiosity, to develop people skills, and to inculcate the ability for lifelong learning. Learning outcomes have been carefully articulated, not just for the full course, but for every semester and subject. Assignments and evaluation are calibrated to capture the extent of achievement of the learning outcomes envisaged.

Integrated Assignments

Holistic understanding requires assimilative evaluation as well. Therefore the curriculum is peppered with assignments that assess the ability of the student for synthesis of his/her knowledge and skillsets across a combination of subjects.

Academic Mentoring

Every student will have an academic mentor besides the subject mentor, who would be in a position to help the student better understand his/her strengths and areas of improvement,

and to provide inputs for the student in their exercise of choice for selecting the deepening specialisations and interdisciplinary minors. This will be over and above the academic mentoring provided during internships and graduation projects.

Craft Cluster Initiative

All students of NIFT will be given an immersive experience with a craft cluster. The experience includes lecture demonstration by master artisans, and visit to the craft cluster to understand not only the techniques and practice, but also the socioeconomic and cultural moorings of the craft. There will be opportunities for co creation and design infusion, be it for product development, branding or marketing.

Continuous Evaluation

The courses have more creative potential and flexibility and are geared towards producing well-rounded graduates with expertise in millennial skill sets. The evaluation process has to be nuanced enough to appreciate the subtleties of creativity and innovation, but robust enough to be fair and impartial in assessment. The system of evaluation in NIFT meets both these requirements.

Faculty

Faculty at the institute articulates the expertise & dynamism that inspires the students to realize their full potential. NIFT faculty builds critically engaged teaching practices while testing its

relevance through a wide range of projects and contexts. Students enhance their knowledge and develop their talent by working with the faculty on various real life projects gaining invaluable knowledge, experience and awareness on design application and industry dynamics. In the recent past, faculty & student teams have undertaken varied research and consultancy and training projects. NIFT faculty is the strategic enabler in transforming the vision of the institute into reality.

Trained at some of the leading fashion institutes of international repute, the faculty brings to the classroom professional capabilities, wide exposure and years of hands-on industry experience. Engaging in doctoral studies, the faculty is committed to grow in their profession.

The faculty constantly upgrades their knowledge & skills, creating a stimulating learning environment for students. Faculty paper presentations in the international

circuit, participation in seminars & symposia of high repute enable world class academic discourse and knowledge transfer. The strategy shaped by the faculty aims at a distinctive ability to create an influential research-intensive environment. Effectively playing the pathfinder's role, the faculty pool is working towards enhancing the research profile of the institute, fostering a new generation of 'leaders of the future'.

The product design or design interpretation is then translated into patterns through concepts of geometry and spatial understanding as an intermediary step towards the physical piece. Thereafter knowledge of fabrication techniques and procedures are transferred for respective product category to help students to convert the patterns into physical pieces. By the close of the track, the student is efficiently armed with the knowledge and skills required to handle the leather product category.

DS 2 • Footwear Design Studio

The Footwear Design Studio track equips the students to take forward a footwear story from concept to prototyping with the understanding of the classification and identification of range of footwear offered across the semesters. The track would see a student understand the anatomy of the foot, the different types of footwear & last, the anthropometrics involved

in footwear design and construction. With broad categories of footwear with respect to gender and application/utility – male/female and formal/semi-formal/casual/sporty, this track takes a student across the semesters through the sub categories- open, closed and complex types of footwear. The student either designs or understands and interprets available design of footwear and then translates into patterns and completes the footwear through prototyping process. By the close of the track, the students are efficiently armed with the knowledge and skills to handle the footwear category as the deepening specialisation of their career path.

Industry Connect

The new curriculum of NIFT attempts to give the student a rich repertoire of experience and understanding that will hopefully inculcate a desire and a capability for lifelong learning and will stand him or her in good stead in these disruptive times of change. Industry engagement is envisaged as a learning process which, by providing exposure to the students in real life working environment as part of an academic curriculum helps them to develop and enhance academic, personal and professional competencies coupled with deeper understanding of the ethics and values that distinguish a good professional. A significant part of the engagement programme is based on regulated exposure of the students to the industry environment as part of the course curriculum under the guidance of both academia and industry.

The revised curriculum structure of NIFT arrived through deliberations, workshops and

interactions involving internal experts and eminent academicians, industrialists and NIFT Alumni envisaged the necessity and importance of Industry engagement through:

- Interaction with Industry leaders and alumni in the classroom
- Sponsored classroom projects
- Industry visits
- Exposure to exhibitions and fairs
- Internships
- Joint research endeavours
- Hands-on practical learning experience in industry environment to be transacted within the curriculum structure.

Critical to this new perspective would be the planning of Industry Engagements and scheduling them in coordination with the industries as per the requirement to transact the new curriculum in the UG & PG Programmes offered by NIFT and its campuses.

Global Connect

The academic strategy of NIFT embraces a global approach. The core activities of the institute have enhanced its international visibility and standing. NIFT has strategic agreements and partnerships with about 26 leading international fashion institutes & organisations that share the same academic direction, integrating NIFT students with the global mainstream of fashion.

International collaborations allow students to experience 'study abroad' options through exchange programmes. This initiative provides an excellent opportunity to NIFT students, selected for the exchange programme, to interact with students from various geographies, encouraging them to broaden their vision and understand different cultures. The students can undertake the opportunity across NIFT campuses and all course disciplines. To provide an academic gradient, the institute's international linkages allow the students to participate in international competitions / seminars / research / exhibitions and other events. NIFT students at all campuses are encouraged to participate in international events and competitions.

The students have participated in several prestigious international competitions such as Wool Mark 2017, Design competition organized by Beijing Institute of Fashion Technology (BIFT), Beijing, Republic of China, Fashion Week 2017 Paris, Sweden India Novel Memorial Wall Painting organized by Swedish Embassy, New Zealand Runway organized by New Zealand Embassy, Wuhan International Competition, China, World of Wearable Art (WOW) Competition.

The institute also attracts international students who come and experience its academic and cultural richness. Through the exchange programmes, students from overseas institutes have developed valuable insight not just into Indian culture, arts & crafts but have also understood the Indian market and its dynamics. The students of Management & Technology have had invaluable exposure to production techniques that cater to high fashion demands of the global marketplace. The strategic alliances encourage academic enhancement at faculty level as well. Faculty exchange and joint research initiatives ensure that the institute's teaching methods and

facilities are constantly updated & upgraded to be at par with the best institutes in the world. To facilitate exchange of teaching pedagogy, concepts and professional ideas, the faculty at NIFT participates in academic exchange programmes, international fairs, seminars, exhibitions, conferences and trade shows thereby bringing their substantial experience to the classroom thus enriching the knowledge pool at NIFT.

Dual Degree Opportunity

NIFT - Fashion Institute of Technology (FIT), New York, USA strategic partnership allows select meritorious students from NIFT, a unique opportunity to obtain a Dual Degree from both NIFT and FIT. Students from NIFT undertake two years study at the home Institute intercepted by one year of study at FIT. Thereafter, the students resume their studies at NIFT to obtain the Dual Degree from both the institutes. 45 students have completed the dual degree programme in the last 5 years and six students from various disciplines are pursuing the Dual Degree opportunity in 2017-18 at FIT.

Grassroot Connect

As a leader of fashion education in India, NIFT realizes the importance of its social responsibilities and continues its endeavour to create grounded designers who are able to appreciate and promote the various crafts of India. NIFT has implemented a new Craft Cluster Initiative, which provides the students with continuous exposure to Indian culture and traditional handloom and handicraft clusters

thus providing an opportunity for creative innovation and experimentation at the grass root level. It is envisaged that the craft exposure will help the NIFT students to become 'Young Change Agents' and utilize the skills of the handloom and handicraft sectors for developing niche contemporary products. The experienced NIFT faculty will contribute by monitoring the student activities;

offering customized training programmes and sharing design inputs, thereby enhancing the commercial value of products being manufactured by the artisans. Such exposure and interactions provide a stronger rural connect and a greater understanding and appreciation of Indian culture and aesthetics to the young design professionals.

Placements

At NIFT, we are proud of the dynamic and motivated students who are mentored and supported to take on the challenges and opportunities that await them in the Industry. The graduates of NIFT understand the nuances of fashion business spanning art, craft, technology and strategy and have acquired the skill sets that will make them adapt to the growing needs of the industry.

Graduates of NIFT have been provided cutting edge understanding through exposure to emerging challenges, developments, techniques, technology and practice from all over the world. During their programme at

NIFT, the students undergo a metamorphosis that unfolds their potential, develops skills and stimulating intellectual growth. Their latent potential is honed by committed and skilled faculty drawn from the academia and industry. We are aware of the fact that fashion industry wants professionals having multi-skill sets and we have trained our students accordingly.

The Campus Placements provides a platform for the graduating students from various disciplines of the two years post graduate, and four years undergraduate programmes to realise their professional dreams and ambitions and thus requires the keen and sustained

participation of employer organisations. NIFT graduates carry the energy, creativity, skill, technical know-how and the legacy of their predecessors to merge as invaluable assets to the organisations that they are inducted into.

The National Institute of Fashion Technology has a centralized placement process. Companies can employ students from any campus or course of the institute through two routes which are facilitated by the institute:

On Campus Placements: Companies can register for campus placements. Upon being given a confirmed time and date, they may

come to the campus for the placement procedure.

Pre-Placement Offers (PPO): Companies can extend a job offer to students before the on-campus placement. Acceptance of the offer is considered as job placement. In order to provide fair opportunity to all, such students are not allowed to participate in the On Campus placement. These offers may be made on the basis of internships/ training/ projects undertaken by the students in the said company.

Events & Activities

Student Development Programmes at all NIFT campuses has been institutionalized to encourage students to participate in extra-curricular pursuits making their stay at NIFT campus more holistic and complete. Participation in these activities complements academic studies while providing ways to socialize, relax and be revitalized to face day-to-day challenges of student life.

Students participate in wide range of activities through Student Development Activity Clubs viz., Cultural Club, Literary Club, Sports, Adventure & Photography (SAP) Club and Ethics, Social Service & Environment (ESSE) Club. Through the academic term, student clubs function in the activity hour called 'zero hour' every Wednesday evening. Also, at most NIFT campuses, a sports gymnasium is available to students.

'Fashion Spectrum', the annual fest of the institute provides a pulsating platform for students to showcase their talent in varied inter-collegiate and intra-collegiate activities & events. To promote interaction across campuses, the best of best from all campuses compete at 'Converge', an annual centralised cultural and sports event hosted by any one NIFT Campus. The annual convocation of graduating students is hosted by the Campus.

महत्वपूर्ण नोट

1. योग्यता परीक्षा में उपस्थित हुए उम्मीदवार भी आवेदन करने के लिए पात्र हैं, बशर्ते:

(क) कि वे परामर्श/प्रवेश के समय न्यूनतम निर्धारित योग्यता हासिल करने का प्रमाण प्रस्तुत

करते हैं।

अथवा

(ख) यदि 12वीं कक्षा/अंतिम वर्ष/अंतिम सेमेस्टर (जैसा भी मामला हो) योग्यता डिग्री/प्रमाणपत्र परीक्षा का परिणाम, संबंधित बोर्ड/विश्वविद्यालय द्वारा परामर्श/प्रवेश की तारीख तक घोषित नहीं किया जाता है, तो इस तरह के मामले में उनका प्रवेश निम्नलिखित शर्तों के अधीन अनिवार्य तौर पर अस्थायी होगा:

(i) निर्धारित प्रोफार्मा (अनुलग्नक-1) में रु. 10/- के गैर-न्यायिक स्टाम्प पेपर पर शपथ पत्र प्रस्तुत किया गया है। यदि उम्मीदवार नाबालिग है, अर्थात् 18 वर्ष से कम उम्र के होने पर, शपथ पत्र को उसके माता-पिता/अभिभावक द्वारा हस्ताक्षरित किया जाएगा। उम्मीदवार/माता-पिता/अभिभावक ध्यान दें कि झूठा शपथपत्र प्रस्तुत करना एक दंडनीय अपराध है;

(ii) ऐसे उम्मीदवार जो अपने अंतिम वर्ष/अंतिम सेमेस्टर/12वीं कक्षा के परिणामों की घोषणा के नहीं होने के कारण अस्थायी प्रवेश चाहते हो (अनुलग्नक-I देखें), अर्हता डिग्री परीक्षा के सभी पिछले वर्षों/सेमेस्टर में सभी प्रश्नपत्रों में उत्तीर्ण होने का प्रमाण प्रदान करेंगे (जो भी प्रासंगिक हो)।

(iii) उम्मीदवार अर्हता परीक्षा में शामिल होने के सबूत के रूप में डेट शीट/प्रवेश पत्र/प्राचार्य से प्रमाणपत्र भी प्रस्तुत करेंगे।

(iv) उम्मीदवार अर्हता डिग्री/प्रमाण पत्र का अंतिम परिणाम 30 सितंबर, 2019 को या इसके पूर्व अपने कैंपस निदेशक/संयुक्त निदेशक को प्रस्तुत करेगा, जहां उसे प्रवेश दिया गया है।

(v) यदि उम्मीदवार उपरोक्त निर्धारित तरीके से अर्हता डिग्री के अपने अंतिम परिणाम को निर्धारित तिथि तक प्रस्तुत करने में 30 सितंबर, 2019 को या उससे पहले उसकी पात्रता साबित करने के लिए विफल रहता है, तो जो भी कारण हो, उसका प्रवेश अमान्य (रद्द) कर दिया जाएगा और पूरी फीस जब्त कर ली जाएगी। किसी भी अपवाद के मामले में डीजी-एनआईएफटी द्वारा निर्णय लिया जाएगा।

(vi) कैंपस निदेशक/नोडल अधिकारी यह सुनिश्चित करने के लिए उत्तरदायी होगा कि सभी छात्रों की योग्यता प्रवेश के लिए निर्धारित योग्यता को पूरा करती है, खासकर अस्थायी प्रवेश के मामले में। यदि उम्मीदवार समय पर

सफल परिणाम जमा करने में विफल रहता है, तो 30 सितंबर, 2019 को अस्थायी प्रवेश स्वयं रद्द माना जाएगा।

(vii) यदि स्नातक स्तर के अंतिम सेमेस्टर/अंतिम वर्ष में अनुपूरक परीक्षा (ओं) के लिए उपस्थित उम्मीदवारों के मामले में, और इसके परिणाम परामर्श/प्रवेश के समय घोषित नहीं किया जाता है, तो ऐसे उम्मीदवारों को उपरोक्त पैरा 1 (बी) के प्रावधानों के अनुसार शैक्षिक सत्र 2019-20 के लिए प्रवेश पर विचार किया जाएगा।

(viii) 12वीं कक्षा में विभागीय परीक्षा (ओं) के लिए उपस्थित उम्मीदवारों के मामले में, ऐसे उम्मीदवारों हेतु केवल अस्थायी प्रवेश पर विचार किया जाएगा। उन्हें उसी बोर्ड के तहत विभागीय परीक्षा उत्तीर्ण करनी होगी, जिसमें असफल होने पर, अस्थायी प्रवेश स्वयं रद्द माना जाएगा, और पूरी फीस जब्त कर ली जाएगी।

2. कोई भी उम्मीदवार जो एनआईएफटी में परामर्श/प्रवेश की तारीख से पूर्व अर्हता परीक्षा में उपस्थित नहीं हुआ हो, वह पात्र नहीं माना जाएगा।

3. आगे यह स्पष्ट किया जाता है कि अस्थायी प्रवेश पर विचार केवल मामलों में किया जाएगा, जहां संबंधित बोर्ड/विश्वविद्यालय द्वारा अर्हता डिग्री के अंतिम वर्ष/सेमेस्टर का नतीजा घोषित नहीं किया गया है। यदि संबंधित बोर्ड/विश्वविद्यालय द्वारा परिणाम घोषित किया गया है, लेकिन किसी भी कारण से इसे किसी विशेष मामले में रोक कर रखा गया हो, तो ऐसे मामलों को भी अस्थायी प्रवेश श्रेणी के विचार नहीं किया जाएगा।

हालांकि यह सिफारिश की जाती है कि उम्मीदवार इस उद्देश्य के लिए अपने स्वयं के बाहरी सहायक की व्यवस्था करें, क्योंकि इससे व्यक्तिगत जरूरतों हेतु बेहतर व्यवस्था सुनिश्चित होगी।

ऐसे आदेश की एक प्रति उम्मीदवार की स्वीकृति के तहत लिखित रूप में प्रदान की जाएगी, जिससे उसे सूचित किया जा सके कि वह आदेश के खिलाफ अपील कर सकता है, इस मामले में अपील को मुख्यालय (एचओ) में स्थायी बोर्ड को भेजा जाएगा, जिसकी सिफारिश अंतिम होगी, और इसके उपरान्त कोई अन्य प्रतिनिधित्व स्वीकार नहीं किया जाएगा।

एनआईएफटी उम्मीदवार की अक्षमता के आकलन के मामले में, किसी विशेष कार्यक्रम को लेने हेतु उम्मीदवार को अयोग्य घोषित करने का अधिकार सुरक्षित रखता है। नीचे दी गई तालिका, विकलांगता और कार्यक्रमों की विभिन्न श्रेणियों के लिए एनआईएफटी बोर्ड द्वारा आयोजित मूल्यांकन के प्रकार को इंगित करती है, जो यह पता लगाती है कि क्या छात्र मुख्यधारा के पाठ्यक्रम को लेने की स्थिति में है अथवा नहीं:

सामान्य क्षमता परीक्षा के घटक (सभी कार्यक्रमों हेतु)

1) मात्रात्मक क्षमता: उम्मीदवारों की मात्रात्मक क्षमता का परीक्षण करने के लिए इस सब-टेस्ट

को डिजाइन किया गया है। सब-टेस्ट में जोड़, गुणा, भाग, भिन्न, प्रतिशत, ब्याज दर, कार्य और कर्म, अनुपात और प्रमात्रा, और दूरी पर प्रश्न होते हैं।

2) संप्रेषण क्षमता और अंग्रेजी भाषा की समझ: इस सब-टेस्ट का उद्देश्य अंग्रेजी भाषा में दिन-प्रतिदिन संचार में उम्मीदवारों की क्षमता का परीक्षण करना है। इसमें समानार्थी, बहुवचन, संबंधित अर्थों के साथ शब्द, एकवचन, बहुवचन, एक शब्द विकल्प, मुहावरे और वाक्यांश, सही वर्तनी, किसी दिए गए अंश सामग्री से स्थिति को समझना आदि शामिल हैं।

3) विश्लेषणात्मक क्षमता और तार्किक क्षमता: यह सब-टेस्ट उम्मीदवार की क्षमता और तर्क के लिए दी गई जानकारी से उम्मीदवार की क्षमता का परीक्षण करने हेतु डिजाइन किया गया है, और समस्या के मूल मुद्दों को हल करने के लिए दिए गए समस्या की पहचान करने हेतु उम्मीदवार की क्षमता का मूल्यांकन करना और तर्क लागू करना। रचनात्मक और पार्श्व सोच की अवधारणाओं और अभ्यास, इसमें उपयोगी होने की संभावना है।

4) सामान्य ज्ञान और सामयिकी: इसे सब-टेस्ट उम्मीदवार के सामान्य ज्ञान और वर्तमान मामलों की जानकारी का परीक्षण करने हेतु डिजाइन किया गया है।

5) केस अध्ययन: यह सब-टेस्ट उद्योग के माहौल की स्थिति पर आधारित है। यह उम्मीदवार की प्रबंधकीय क्षमता का मूल्यांकन करने में मदद करता है। लिखित प्रवेश परीक्षा से सूचीबद्ध किए गए उम्मीदवारों को परिस्थिति परीक्षण/समूह चर्चा (जीडी)/ साक्षात्कार लेना आवश्यक है (बीएफटेक को छोड़कर), जैसा भी लागू हो।

परिस्थिति परीक्षण – स्नातक स्तर हेतु डिजाइन कार्यक्रमों के लिए

लिखित प्रवेश परीक्षा से बीडीईएस के लिए सूचीबद्ध किए गए उम्मीदवारों को एक स्थिति परीक्षा देने की आवश्यकता होती है, जो सामग्रियों के दिए गए सेट के साथ किसी दिए गए परिस्थिति पर सामग्रियों की हैंडलिंग और अभिनव क्षमता के लिए उम्मीदवार के कौशल का मूल्यांकन करने हेतु एक व्यावहारिक परीक्षण है।

कोई भी अतिरिक्त सामग्री प्रदान/अनुमन्य नहीं की जाएगी।

मॉडल का मूल्यांकन स्थान दृश्यता, अभिनव और सामग्री के रचनात्मक उपयोग, तत्वों की संरचना, रंग योजना, निर्माण कौशल, मॉडल की सटीकता, और समग्र प्रस्तुति आदि के आधार पर किया जाएगा। इन मापदंडों को मॉडल के साथ प्रस्तुत लिखित सामग्री के साथ जांच की जाएगी, जो मॉडल के निर्माण के पीछे अवधारणा को समझाता हो। चूंकि एनआईएफटी में निर्देश का माध्यम अंग्रेजी है, इसलिए लेख अंग्रेजी में होगा। किसी भी अन्य भाषा में लेख के लिए कोई अंक नहीं दिया जाएगा।

मॉडल/डिजाइन बनाने में बाहरी/अतिरिक्त सामग्री का उपयोग करने की अनुमति नहीं है। साथ ही, ऐसे उम्मीदवार जो किसी भी व्यक्तिगत विवरण लिखकर या मॉडल/डिजाइन/लेख पर किसी भी पहचान चिह्न लगाकर अपनी पहचान का खुलासा करने का प्रयास करते हैं उन्हें 'अयोग्य' घोषित कर दिया जाएगा, और ऐसे उम्मीदवारों के अंतिम परिणाम घोषित नहीं किए जाएंगे।

निर्णायकगण द्वारा स्थल पर परीक्षण का मूल्यांकन किया जाएगा। भविष्य के संदर्भ के लिए मॉडल को संरक्षित नहीं किया जाएगा।

व्यक्तिगत साक्षात्कार में एक पैनल द्वारा नीचे सूचीबद्ध विभिन्न मानकों पर उम्मीदवारों का

मूल्यांकन किया जाएगा:

- 1) कैरियर अभिमुखीकरण
- 2) पाठ्यक्रम के लिए सजगता
