Comments:

It has been a pleasure to have Arya in the upper-intermediate class at SBC Headington. Although she sometimes gets distracted by her mobile, Arya is an excellent student who has contributed a lot to our class over the past three weeks. She led her group in the Time to Shine film project, helping to organise and get her group to successfully complete the task. She always participates in class activities with great enthusiasm and is more than willing to help her fellow classmates.

Overall, Arya speaks English at a high level. Her verbal communication skills are excellent. She is able to listen and comprehend English spoken at an authentic pace and can also read and understand complex texts. To further Arya's progress in English, I suggest that she watch English television or films to continue exposure to real English language and pronunciation. I wish you all the best, Arya!
