Vasjen Katro

ADOBE EDUCATION EXCHANGE

# Digital Storytelling with Your Class

## Course Description

The course explored the principles of producing digital stories with Adobe Spark. In the course you learnt how to apply your new digital skills to create practical digital storytelling projects to use in your curriculum. Creating digital stories encourages students to express their ideas through an engaging, innovative and easily accessible digital format. Digital

story projects can be used effectively in all subject areas, allowing students to improve their communication skills while learning key content objectives and improving digital literacy.

## Course Completed

September / October 2020

## Tools Used

- Adobe Spark

## Learning Objectives

- Why creativity is vital for learning, digital literacy, and student engagement.
- How to apply your new skills to integrate digital storytelling projects in your curriculum.
- Collaborate with educators from around the world.
