Stereotypes used towards LGBT people

Before we even start , let us understand what we mean from the term " Stereotypes". In simple words it just means the general image or set of characteristics that a lot of people believe represent a particular type of person.

When it comes towards the LGBTQ+ Community there are quite a lot stereotypes, which most of the people assume and judge an individual. A few of them are

1. **Being LGBTQ+ is unnatural**
2. **Having LGBTQ+ teachers as role models harms children**
3. **People Choose to Be Homosexual/other distinctive sexualities**
4. **LGBTQ+ Lifestyle Is Distinct**
5. **You Can Identify LGBT+ People based on Their Mannerisms, Clothing or Physical Characteristics**
6. **Most pedophiles are gay**
7. **LGBT+ People Could Be Healed by Psychotherapy or "Orientation Reparative Therapy"**
8. **People who are LGBTQ+ do not make good parents**
9. **All trans people are mentally ill**
10. **Members of the LGBTQ community are trying to convert others.**
