CHAHAT JAIN - My aim in life is to become a chartered accountant and to establish my own auditing firm. Accountancy is something which is required in every course and every field of this modern era. A chartered Accountant immensely contributes in the development of the economic, business and knowledge sphere and by choosing to ride on this path I want to contribute towards this vital process of economic growth and development. Difficulties: Board exams is a phase of difficulty for every student and so I was also in the same zone. Patience and management of time helped me to manage my studies in an organized manner. I would like to express my immense gratitude towards my School for giving me such great opportunities and for providing us with such a good platform to build our skills. I want to thank my parents for encouraging and motivating me throughout.

SHIVANGI TRIPATHI - My name is Shivangi Tripathi and my aim is to be a journalist. It was definitely one of the most memorable and unforgettable experiences for me. Mere semantic expressions seem too meager to describe the environment to our Chairman Sir Dr. A.F. Pinto and Managing Director Madam Grace Pinto have created and I am blessed to be associated with their glorious institution. The warmth and generosity that I have been the recipient of here is unlike anything I ever have or will, in the near future, experience. I am very happy to be the Topper of my School and it came to be as a Surprise. I am grateful to my Parents for their love and Support. Ryan has shaped me and build confidence and passion in me for what I am. The love and gentleness of my teachers and my respected principal have molded me into this worthy piece. Once again I Thank my parents eternal support throughout all the ups and downs in the span of these two years is what kept me grounded and is partially the reason that I am the proud topper of this school.

The Deep Blue Sea

**You are most calm, you are most deep,
out of earth's four- you are three.
Sky bowed down to touch your water
and make you -the deep blue see.**

**Millions of creatures live inside you.
You give them home, give them food.
You take all that we waste
and give back to us all that are good.**

**It's time for us now to take this oath,
we'll keep you calm and keep you blue.
We'll stop pollution, we'll clean the ocean
For our own existence and for you.**

Being its creature !!**

Mother India

Mother India You Grown Us Like A Mother,
Mother India You Provide Us Air And Water.

O Mother India Your Motherhood Honoured Us,
O Mother India Your Nature Surprised Us.

Your Trees Shed Their Leaves And Down Came The
Leaves, Dancing On Its Beat;
Your Forests Gave Us Flowers That Bloomed In
Spring.

O Mother India You Honoured Us Every Moment,
We Will Always Be Your Children,
We Will Respect You,
O Mother,
O Mother,
Mother India.

It is raining ever day!!

It is raining every day
It is raining all the time
And we don't have to pay
Also, rain is not a crime!

Thunder Lightning here and there
Everyone is getting water, so it's
fair
There are also clouds here and
there
In the rains, better take care.

It is raining every day
It is raining all the time
And we don't have to pay
Also, rain is not a crime!

Storm and winds make us cry
Take your umbrella everywhere
It will keep you safe and dry
Then let's get little wet, it is
raining everywhere.

Red Ball of Fire

High up in the sky,
Is a red ball of fire which seems alive. It's
glare crosses over my window sills,
And makes alive things which before
were still.

The warmth of its rays,
Can sooth a person in the most difficult
of days.
The hue of its light,
Makes even this dark world look bright.

Enemy of the winter cold, falling on the
trees it makes them bold.
Around the sky, it daily swings,
Oh God! you've created such a lovely
thing

THE OLD MAN'S TREASURE

CREATIVE MINDS

I set out to the seven seas ,
(With none except wanderlust and me),
To search what every traveller may,
When I chanced upon a grazing land,
Where I saw an old shepherd man.
And pity came to my eyes,
For he had only himself,
With no roof over his white haired head.
And when I offered him money and a cosyshed ,
Said he “dear child ,
Not every man keeps his riches on his waist,
Where a thief can take it while he is in haste”.
Oh, really !scoffed I,
Show me your riches then,
“Fine, that I will “said he,
Take the forest path where the willow grows,
And Follow the golden threads,
Peeking behind the emerald towers.”
So I did, for I could not suppress my curiosity.
When I reached the forest path ,
The sky was in a purplely pink veil
With silvery crystals hanging on it
There stood the willow
As gloomy and dark

Like a wizened witch muttering incantation,
I went on ,
Until slowly ,
Sunshine like soft saffron thread ,
Turned every leaf of every tall tree,
From green to emerald .
I then found a field,
The same grazing land,
Where the old man ,
Stood smiling.
Said he “this; my child, is my treasure”
My eyes reached the place
Where he pointed to
Where the sun like a toddling child
Peeked out from cottony curtains
Making every blade of grass golden
And every bird chirping.
And as I marvelled on this sight
Said he” dear child,this is my treasure,
That I see the sights of Mother Nature
One that every man sees
But overlooks.

BEAUTY OF NATURE

CREATIVE MINDS

Today the sun is shining so bright
I think today everything will be right
By sitting on the grassy ground
I could hear the nature's sound

I could hear the buzzing of bees
By sitting on the tallest willow trees
I could see the gentle stream flow
Pick the flowers as they grow

I could smell the flowers by my nose
The grass in the ground pokes my toes
I could breath the nice fresh air
And light which glisten from my eyes

Standing at the mountain ,so high
I think that if I could fly
Take a moment and inhale
And listen to the nature's tale.
