# EXPERT TALK

**Mr. Skand Bali**  
*Principal, The Hyderabad Public School,  
Begumpet*

“Career counselling in today’s time is no more an optional but mandatory support system designed to stand by the side of young minds so that they identify their goals and achieve the best as per their choices made systematically by narrowing down the wide range of national and international openings available.”

Univariety lifts the morale of the students by patiently listening to them and encourages them to develop a realistic approach with a farsighted vision in fulfilling their ambitions. The students are made to realize that their choices play an important role in shaping their tomorrow; they are exposed to their own strengths and weaknesses, dreams and ambitions by mapping the aptitude to the interest of the child through a more structured, comprehensive system of academics and personal growth.

Students love to share their confusions and dedicatedly work towards their specific goals after having received appropriate feedback from the career counsellor. Initiating from the orientation session, the program holds the hands of the students and introduces them to educational webinar sessions, face to face discussions, quarterly reports, scholarship updates, motivating talks of eminent personalities, university visits, and even after years of passing out - it does keep a track of their professional status so as the chain of support systems continues for the generations to come. Further more, Univariety tries to extract the best from the ever engaging and supportive alumni network of HPS Begumpet which is an asset to the institution’s success.

**Univariety is India's first company** to use technology to setup a complete career & college guidance cell inside progressive schools. Students receive guidance from counsellors, digital tools, university admission officers and from the past students of the school. Univariety runs a successful Global Career Counsellor program for certifying teachers in association with a top University - UCLA Extension. Univariety has proved to be a comprehensive partner for schools wanting to go beyond the regular and focus on student success.
