I would like to express immense gratitude for the excellent GEM services offered by Univariety. My son got the counsellor's guidance on all aspects of the application process from brainstorming on the colleges/courses, picking the right colleges to narrowing down on the admission. The interactions were informative and helpful. The applications were completed way ahead of time. We would be glad to vouch for the efficiency and commitment of the Univariety Team.

I wanted to apply to universities in the UK for a course in English Literature. Thanks to Univariety's GEM Service, I got admission in Durham University. The Counsellor helped me from the beginning to the end in applications, visa and more. I received guidance throughout. The Counsellor was proactive and always available to solve my doubts. She prepared a list of Universities with ranks for me, helping me make the right choice. I'm now studying in one of the top 3 Universities in the UK.
