

# A FEW QUICK QUESTIONS ABOUT THE CAREER ACCELERATOR PROGRAM...

## HOW DO I APPLY?

You don't have to apply specifically for the Career Accelerator Program; all students accepted into the International Accelerator Program at Auburn are eligible to participate. The International Accelerator Program combines the credit-bearing courses of year one of your undergraduate degree with tailored English language and academic support, concierge services and unique American cultural experiences. The Career Accelerator Program begins within the International Accelerator Program and can be completed within four years. To find out how to apply for the International Accelerator Program, please visit [auburnglobal.org/apply](http://auburnglobal.org/apply).

## WHAT ARE THE REQUIREMENTS FOR INTERSHIP ASSISTANCE?

To be eligible for internship placement assistance, students must: successfully complete all required elements of the Career Accelerator Program, have at least a 3.3 GPA, and have maintained appropriate immigration status. Once students begin the program, they will have access to advisors who will help them to successfully navigate these requirements.

For more information, see [auburnglobal.org](http://auburnglobal.org)

## WHAT OPPORTUNITIES ARE AVAILABLE?

Our goal is to provide eligible students with a variety of professional opportunities, of varying types and lengths, that best suit their needs and interests. Qualifying students may be selected for part-time positions as student-professionals working on campus during their studies. Others opt to apply for internship placements on a schedule that works for them. If a summer internship works best for you, we will attempt to make that happen. Alternatively, you may have the option to take a shorter, more focused internship during your degree, subject to availability and performance criteria.

**AUBURN GLOBAL CAREER ACCELERATOR PROGRAM**  
*with Internship Opportunities*

# THE BEST START TO A REWARDING CAREER

*Tailored Career Development for International Students + Internship Preparation*

Looking to get a head start on your professional future? If you're an Auburn Global student participating in our Career Accelerator Program you will. You'll enhance your employability, gain skills to advance your academic performance and access opportunities for real-world work placement either during your degree or upon graduation.

In the Auburn Global Career Accelerator Program, you will undertake a series of focused career development activities alongside your undergraduate degree. The program runs over two years and is tailored to the unique experience of international students. It'll help you develop the skills to stand out in a crowded global job market: exploring career interests, practicing interviewing skills, developing a powerful resume or CV, and connecting with potential employers. The flexible Career Accelerator Program can be adapted to fit your needs and professional interests, and beyond.

**BEST OF ALL,** we support and connect qualified participants to Auburn partner organizations with exciting internship opportunities.

## THE CAREER ACCELERATOR PROGRAM:

*your dynamic path to professional success.*

The Auburn Global Career Accelerator Program helps give you the edge you need to succeed in today's professional world. Designed by experts, and customized to suit your needs, the Career Accelerator Program gives you the resources, connections and skills to confidently prepare to become global professionals. For Auburn Global students, the Career Accelerator Program can be completed in two years.

**MEMBERS OF OUR STAFF** have more than ten years of experience placing students in internships in sought-after industries such as accounting, engineering, finance, marketing, architecture, government, technology, and theater/arts. With over 2,000 successful placements in the most exciting cities in the US, our staff has helped students gain relevant skills in real-world settings.
