# SCHOOL TESTIMONIAL

"With globalization in this 21st century, as a trustee and an educator, it is my responsibility to keep my students updated with all the upcoming educational trends and opportunities.

Univariety has come up with a wide array of opportunities for the students who are now able to choose from a wide range of options.

The online counsellor service has benefitted all the students as they are now able to clarify each and every doubt regarding their career planning and the colleges they want to study in.

**Univariety** conducted a three-day workshop at Jodhamal public school for students from grade 9-12 as well as for their parents. Ms Stuti Verma, the senior academic counsellor from Hyderabad took the orientation program and guided the students on the various aspects of the career selection procedure. The orientation for students was conducted in four different slots on 19-20 April 2018. The session for parents was organized on 21.04.18.

Besides orientation, students of grade 9 were taught how to create, access and use their Univariety profiles using which they can contact universities across the globe. Through Univariety, students can choose courses they like and can directly contact the top colleges from across the globe.

Various webinars which are conducted have proved to be really informative and beneficial.

It has been a pleasure to associate with Univariety and we look forward to many more years of collaboration so as to make sure that the students of Jodhamal Public School prove to be assets to the society.
