PROFESSIONAL EXPERIENCE

Assistant Manager – Kazo Fashion Pvt Ltd

Operations

Apr'18 to Present

Inter-departmental PMO Initiatives

- Planned the right product mix and **worked with the merchandising team** to ensure availability of the merchandise at the stores for over 40 EBOs and more than 100 SIS
- Defined a criteria for maximum shelf-life for a product category at a store, and **ensured that the planning and operations teams follow the criteria**, resulting in an **overall increase of 12% in the sell-throughs**
- Coordinated with the marketing team** for targeted marketing of slow-moving product on social media
- Worked with Finance team to automate Financial MIS reporting process using Python and SQL

Business Intelligence & Analytics

- Identified cross-sell opportunities using Association Rule Mining with Python, and organised training workshops with the sales team, resulting in a **20% increase in Average Basket Size**
- Formalized & improved store KPIs and devised a new incentive structure for the sales staff which **increased the target achievement by 10%** in the first month, and also **contributed to the rise in ABS**
- Created a **dashboard using SQL, Python and Excel** to monitor daily, weekly and monthly movement of sales

Business Development Executive – Chemtron

Business Development

Jul'15 to Jun'16

Analytical Instruments Pvt Ltd

- Appointed distributors in 2 key markets** (Andhra Pradesh and Madhya Pradesh) for Minitüb products
- Ensured on-time dispatch of equipment, and **coordinated with the supplier** for smooth and timely delivery to various **clients and distributors across India**. Since production facilities are located in Europe, this was an essential part of business development.
