Umail Queries

Hello Ma'am,

My name is Arnav Tyagi and I study in 10th grade at DPSGV.

So, while attending your webinar, I had some doubts about what I should do in my future.

I really really like SST and I am hoping to opt Humanities along with Maths in 11th grade. But I have no idea what to do after I graduate. I have thought about a lot of jobs that one can do after taking humanities with maths but none of that made any sense to me.

Moreover, I don't know what are my strengths and strong points. I am also unable to set a goal. So can you please help me in setting my goal and finding my strengths?

Also, I am hoping to do community services and internships in the next 3 years before I go to college. This will help me in making my profile as Ms. Sangeeta George told in our webinar. So, can you please suggest what I can do for community service near me and internships that I can attend?

Please help me in choosing my goal and strengths and a few internships and community services I can do for my profile.

Thank you.

Yours truly,
Arnav Tyagi
