Dear Team,

My daughter Andrea studying in silver oaks 12th grade wants to take up Bcom international Business next year. We would like to know what are the career options for this. We are also interested in knowing the career path after this course including the higher studies option.

Please recommend some good colleges for this courses.

Dear Team,

Thanks for your comprehensive reply. I want a few more clarifications from you.

My daughter Andrea has taken Humanities which has Economics, Business studies, political science, Entrepreneurship and English. Is there a need for any exposure to Mathematics or Accountancy for choosing international Business.

I would also want to think of a plan B. What are the other options we can consider. Her favorite subjects are Business studies and Political Science. She also has an inclination to take up educationist as a career too.

I would also want to know of pros and cons of taking International Business and how this is different from a BBA degree?

If you share a contact number we can discuss this over a call.

Thanks & Regards

Darryl
