Umail Queries

October 25, 2019

Hi univariety team,

Recently we had a career guidance program organised at our school .The path program was headed by career counsellor-Mr.Nedunzhelian.He told me about the courses for robotics-mechatronics.If i would like to pursue specialised courses abroad which colleges are the best and would also cater to my needs.... (say scholarships,accomodation,safety,etc).

I would also like a post a question on the Indian myth that-' UG has to completed only in India'.Is that so?if so why???.Moreover there are very less colleges in India which offers robotics as a course(some of the reputed IIT's).
