Umail Queries

December 22, 2019

Dear Sir/Madam,

I have been facing a lot of confusion in selecting a career path for myself. My subjects are PCM with Computer Science and Physical Education. I have been suggested some engineering courses but almost all the courses are related to the 'JEE' exam (I am not interested in giving the JEE exam). I need a list of the career paths that I can choose without giving the JEE exam.

Thanking you
Yours Sincerely
Shruti

Dear Sir/Madam,

I had given the 'Engineering Branch Assessment' when I was in the 9th standard. I would like to give it once again but I am unable to. I want to know what is now good for me as there are changes from 9th to 11th. Please get me a way to write the assessment again.

Yours Sincerely
Shruti

Dear counselor,

Here is my stream selection test attached. I am quite satisfied with my result but am not sure of implementation of this in my future. I have some following requests and doubts that I hope will be answered. Why did I get this result? Is this reliable as aptitude and interest does not matter always, marks do too. If I follow this path what are the career paths opened for me and which of them suits me better? Can u also suggest me some tests or ways by which I can choose my career paths?

Regards
Shruti
