Umail Queries

It was nice talking to you. We discussed about the possible career options related to the subject combination of Pol Science, Psychology, English and Painting and realized you were interested in the following courses. I am providing the links from the univariety portal, start exploring so that in the next session we can narrow down our choices and start the next step towards college planning.

Please refer to the below:

1. Psychology- <https://www.univariety.com/career/Psychology/b5cbc662>
2. Fashion Designing- <https://www.univariety.com/career/Fashion-Designing/497c1294>
3. Interiors- <https://www.univariety.com/career/Interior-Designing/3eebe378>
4. Mass Communication- <https://www.univariety.com/career/Mass-Communication-Journalism/ced038e7>

These are a couple of choices as per the discussion. Please explore the portal to know about the choices present out there. Also, take up the Ideal Career Test available free of cost, lets have a discussion in detail over these and the next step required.

Looking forward

thanks

pavneet
