Umail Queries

May 07, 2020

I had a webinar yesterday with Ms.Stuti Verma about applying to German universities. She said they valued extracurricular activities as much as a high score in JEE Advance.

My question is that if I plan to study in Germany for higher education after I complete graduation from IIT or BITS, then would there be a value for extra curriculars?Also I have not as such participated in many extracurricular activities except for few MUNS. And I'm in 10th Grade this year (2020-2021) so if you could advice me on how I could fill my portfolio or what kind of extra curricular actives are considered because I don't have much about what kind of things I can participate in and how it would help me

Extra Curricular Activities
