

**Your personality type is ISFP:**

You are gentle, quiet and modest. To others you may seem cool and unemotional, but you have deep feelings that you share only with people you trust and know well. Loyal, devoted and patient, you don't try to control or impose your values on others. You are kind, trusting and sensitive and need your relationships to be pleasant and free of tension. You often take even the most constructive criticism personally and may feel disappointed or hurt.

Sensible and realistic, you like to enjoy life and experience it to the fullest. You are spontaneous and playful and tend to respond to events rather than plan ahead for them. You notice beauty all around you and enjoy spending time on hobbies or crafts. With a small group of close friends, you strive for balance in your life, not placing work above the other things that matter most to you.

You are very trusting and tend not to think about other people's motives. As a result, others may sometimes take advantage of you. You have difficulty seeing ways out of unpleasant situations and, unwilling to confront people and hurt their feelings, you avoid conflict at all costs. You base most of your decisions on your personal values and tend not to consider more objective criteria. You need to be more assertive about expressing your feelings so you don't neglect your own needs.

Because you live so much in the present, you may not see things in a broader context or understand how your current choices impact future events. You are easily distracted from completing tasks and often need help managing your time. When you have too many choices and obligations to deal with, it can be overwhelming. You need to spend lots of time alone to regain your perspective.

You may have trouble making decisions and following through on your commitments. You hate to disappoint anyone, but are usually quick to forgive others who disappoint you.
