8.1 Results for DAT Prelims:

Based on the scores obtained in the DAT Prelims, separate merit lists shall be prepared for each category (OPEN, OBC-NCL, SC, ST & PwD). Results for admission to NID for the Academic Year 2017-18 for the M.Des., B.Des. and GDPD programmes (including overseas candidates) will be declared only on the official admissions website (www.admissions.nid.edu) as per the schedule announced. The candidates' scores will also be available for viewing at this time.

Note: Separate result score cards will not be sent individually to the candidates.

8.2 Candidates Shortlisted for DAT Mains:

Based on the Merit list of DAT Prelims, eligible candidates will have to appear for DAT Mains. The number of candidates shortlisted will be no less than three times the number of seats available per category in that discipline or programme (please refer to Section 3 of this handbook to see the total number of seats available). If the total scores of two or more candidates in the DAT Prelims are the same, they will be assigned the same rank.

8.3 Final Merit List:

The final merit list for each discipline of the M.Des. programme will be generated category wise, based on the sum total of the weighted scores obtained by the candidate at each stage of the admission process.

The final merit lists for the B.Des. and GDPD programmes will be generated category wise, based on the sum total of the weighted scores obtained by the candidate at each stage of the admission process.

The weightage of DAT Prelims and DAT Mains will be as decided by the Senate of the institute.

Results for admission to NID for the academic year 2017-18 for M.Des., B.Des. (including overseas candidates) and GDPD will be declared only on the official admissions website (www.admissions.nid.edu) as per the schedule announced.

The scores obtained during the application process in 2017-18 cycle are valid only for admission for the academic year 2017-18. These scores cannot be used by any person/institution without prior permission of the National Institute of Design.

8.4 Relaxation in cut-off scores for candidates from reserved categories

Candidates from reserved categories will be offered admission according to their rank in the first merit list. For the Open category, the lowest score of the last seat secured in the open category will be considered as the cut-off score for this category. Considering this as the standard of measure, cut-off scores will be relaxed for candidates from reserved categories as follows:

OBC-NCL	SC	ST	PwD
10% less than the cut-off score of the Open category	20% less than the cut-off score of the Open category	20% less than the cut-off score of the Open category	30% less than the cut-off score of the Open category

If seats are left unfilled due to the merit list cut-off or unavailability of candidates in the OBC-NCL category, they will be allotted to candidates from the Open category. Seats remaining vacant under the SC and ST categories will NOT be allotted to candidates belonging to other categories.

The category chosen by a candidate at the time of submitting the application form is final, and requests for change of category will not be entertained.

Note:

- Obtaining a rank in the merit list does not guarantee admission to the programme of your choice.
- Requests for rechecking answers of the DAT Prelims or Mains will be restricted to checking–
 - (i) Whether all the answers have been examined
 - (ii) Mistakes in the totalling of marks for each question
 - (iii) That the marks have been transferred correctly on to the cover page of the answer book
- Any requests sent without a scanned copy of the Admit Card will not be replied.
