FINANCIAL INFORMATION

The information below is valid for one year from signature. Estimates include tuition and fees for one academic year and 12 months of living expenses. Summer tuition is not included. **The cost of tuition is subject to change without notice.** When computing your expenses, remember that you should not expect employment as a means of support unless an offer of an academic appointment (teaching or research assistantship) accompanies graduate admission. Although proof of funding is required for the first year only, you are expected to fund your studies for the duration of the degree program. Financial aid is generally not available to new international students, and financial assistance to continuing students is limited.

AN IMPORTANT NOTE ABOUT HEALTH INSURANCE: F-1 and J-1 students enrolled at the University are required to have medical insurance that is compliant with the Patient Protection and Affordable Care Act at a Gold Level or higher. For this reason, enrollment in the UT Student Health Insurance Plan is automatic at the time of registration, and the cost of the policy is included in the student's tuition and fee bill. Insurance costs can be found at: <http://world.utexas.edu/iss/insurance>. Dependents of those in J-1 status are required to have medical insurance, but it is advisable for dependents in all visa statuses to have medical insurance.

Please determine your estimated expenses:
