To Whom It may concern :

I regard it as a privilege to write a recommendation letter at the request of Rohan RatanKoduri who is applying for Undergraduate Program at your university.

I have known Rohan for the past four years as his English faculty member at FIITJEE Junior College. Based on his grades, attendance and class participation, I'd rate his academic performance in my class as good. He makes it a point to improve his reading and writing skills religiously. He improved his vocabulary and speaking skills over the years and has worked diligently to achieve it.

He is enthusiastic and always takes the initiative to organize activities in class. He is well-disciplined and studious by nature. He takes an extra mile to help his peers and teachers. There have been instances, when he takes the responsibility to help his peers academically and socially. He has the ability to analyze any issue and relate it to mundane facts and present it in the most appropriate way. He has the passion to read articles and latest research work related to computers and advancing technology to procure more knowledge in this field. Working under pressure and stress doesn't hinder his performance. He gives his best to perform well. He has the spirit to achieve heights in his life. I wish him all the best to realize his dreams.

I would highly recommend Rohan. He will be a positive addition to your university in several aspects. If you should ever need any additional information you can feel free to contact me at +919885322117 or by email at gmurali.krishna@usaunivquest.com anytime.

Sincerely,

G. Murali Krishna
