

1. Click on wordpress.com and click on the option "Blog"

2. Once you see the screen above, please click on "Get Started"

3. Click on the option "Start with a Blog"

4. In this screen, you need to choose a theme for your blog. If you are not sure which theme to select, you can select the "Libretto" theme, as marked by an arrow in the screenshot shown above.

my-blogging.blog	Included in WordPress.com Premium	Upgrade >	

5. Once you select your theme, you need to give your blog site an address. You can type any address of your choice (as shown in the screenshot). The domain which is free will be shown by the wordpress website. You can select the free domain.

6. After selecting your theme, you also need to select the plan you want to go in for. In your case, as you are a beginner, I suggest you to choose the free plan.
