

Your Personality

Your personality type is ESTP:

Introversion (I) vs. Extraversion (E)

How we interact with the world and where we direct our energy.

Introversion

- Focus attention inward
- Enjoy tasks that require concentration
- Work best on one project at a time
- Work at a careful, steady pace
- Consider things fully before speaking

Extraversion

- Focus attention outward
- Enjoy a variety of tasks
- Seek out and need other people
- Work at a rapid pace
- Need to talk through their ideas

Sensing (S) vs iNtuition (N)

What kind of information we naturally focus on and remember.

Sensing

- Focus on "what is"
- · Like working with what can be seen and touched
- Apply past experience to solving problems
- Need specific and realistic directions

iNtuition

- Focus on "what could be"
- Enjoy theory and speculation
- Like thinking about the future and possibilities
- Need to use their imagination

Thinking (T) vs. Feeling (F)

Make decisions logically and impersonally, or use personal values.

Thinking

- Are motivated by achievement
- Enjoy analyzing problems logically
- Make fair and unbiased decisions
- Need to weigh the pros and cons to make decisions
- Can be tough negotiators

Feeling

- Motivated by work that is meaningful
- Sensitive to how issues affect people
- Like helping others and being appreciated
- Need decisions to be congruent with their values
- Need to work in a friendly environment

Judging (J) vs. Perceiving (P)

More structured (finalize decisions) or more spontaneous (keep options open).

Judging

- Enjoy work that allows them to make decisions
- Prefer a predictable work pattern and environment
- Work towards completing their responsibilities before relaxing
- Like to maintain control of their projects

Perceiving

- Enjoy flexible and changing work situations
- Like to be able to respond to problems as they arise
- Are more satisfied with fewer rules and procedures
- Need to have fun in their work

Your Personality Profile

You are a logical, active, forthright person. You are very observant and live in the moment, constantly evaluating people, ideas and activities around you. Energetic and motivated by excitement, you crave action. Realistic, curious and pragmatic, you don't hesitate to speak your mind and believe people should take responsibility for their actions. You are spontaneous and playful, enjoy being the focus of attention and can often make things entertaining.

Good at noticing and remembering specific details, you assess and quickly respond to immediate problems, but are less adept at long-range problem solving. You are a skilled negotiator, good in a crisis and comfortable with a certain amount of risk taking. You are able to make difficult decisions when necessary, using logic and the facts available.

Because you live so entirely in the present, you try to avoid planning much in advance. This can wreak havoc with deadlines and other time-sensitive commitments. You're not inclined to consider future implications or work out hidden meanings. You tend to be skeptical of untested possibilities unless you have previous experience with which to compare them.

Casual and easygoing, you rarely take things too seriously. You adapt easily to change, improvising when necessary. You dislike following rules, especially those you consider pointless, and you resist others' attempts to impose restrictions or controls on you. You may have difficulty respecting people in positions of authority. In general, however, you are pretty relaxed and tolerant of others.

You sometimes abandon your duties before they're completed and prefer starting new projects to finishing existing ones. Your ability to quickly deal with problems as they arise often helps you get through troublesome situations. Lively and carefree, you may have difficulty focusing on your responsibilities when you'd much rather be having fun.

For Learning Environments

before rewarding yourself!

incomplete assignments.

Ensure your course selections consist mainly of practical subjects that are compatible with your need to learn
through experience and desire to understand how things work. Seek out instructors who have actual experience in
your field of interest. Apply for internships, co-ops or work-study programs that will allow you to gain hands-on experience and test your potential in a field of interest.

When you have to learn something boring, try to motivate yourself by focusing on how it could be useful to you.

Think of a fun way to reward yourself as soon as the work is done. Make sure you actually complete the assignment

П	You work well with others and like to learn in a fun, lively environment where the instructors are clear, accessible and
	enthusiastic, and you're able to interact with the group.

- You thrive on variety. Mix up your course selections and schedule to add diversity to your classes, assignments and daily routine. Take advantage of independent study, collaborative projects and interdisciplinary options. Don't get pulled in too many directions or your schoolwork may suffer.
- Keep active and try lots of new things. Build some time into your schedule for activities and interests. Get involved in sports and extracurricular events that provide plenty of movement, variety, socializing and fun. Take care not to spend so much time socializing that you neglect your studies.
