

Your personality type is ESFP:

Friendly, warm and energetic, you have a large circle of friends. Lively, talkative and easygoing, your love of life draws others to you. You seek fun in everything you do and are at your best when doing things with people you enjoy. Realistic, sensible and pragmatic, you are good with details and have a great memory for the facts that pertain to people.

Sympathetic and eager to help, you try to avoid criticizing others and usually are not interested in controlling them. You use common sense to devise solutions to immediate problems and provide practical help to other people. Spontaneous and adaptable, you don't like to be limited by rules but are able to respond quickly to situations and handle several things at the same time.

You have trouble planning ahead, as you don't like to organize your activities and tend to live entirely in the present. This can leave you unprepared for events that you might otherwise have anticipated. While you are pleasant and agreeable, you may have doubts about theories or techniques with which you have no personal experience. Being so social, you are sometimes distracted from your obligations and can find yourself overcommitted because it is so difficult to turn things down.

Most of your decisions are based on your personal feelings and experiences, so you may not foresee the more logical consequences of your actions. You should practice trying to view things objectively, so that you can fully understand a situation and the potential effects of your choice.
