Sensitive and idealistic, you strive for inner harmony. You are a loyal and empathetic friend, devoted to the people and issues you care about. While you may appear cool or detached at times, you have very strong and passionate feelings. You trust your personal reactions and perceptions and use your values to guide your life.

Curious about possibilities, you enjoy many creative endeavors. You can be an original thinker and like using your imagination. Personally invested in everything you do, you can be very persuasive about your dreams and ideas -- but only share them with people you trust. Thoughtful and complex, you are not especially interested in imposing your views on others. You are very protective of your privacy and highly selective about your friends.

When working on a cause you believe in, you can lose yourself in the project and neglect other pressing issues. You are very sensitive to tension and prefer to avoid conflict at all costs. You have trouble letting go of past hurts and may hold grudges. You tend to see only the good in those you care about, and risk being easily disappointed.

You need creative ways of expressing yourself. You are not especially realistic or logical, and sometimes go off course with your projects. A perfectionist, you have very high standards and may be unwilling to share your ideas until they are flawless. You can be hypersensitive to criticism and tend to take all feedback personally. Without feedback, you may fail to make necessary adjustments and end up with unworkable or unfinished projects. You need to ask for constructive advice and listen to it with objectivity.
