

GEM

Go The Extra Mile

INDIA ***PACKAGE***

'Go the Extra Mile' (GEM) is a premium admission and career counselling service which enables students to get the best possible admission and scholarship results across thousands of universities within India.

We at **Univariety** assist with application services to universities, university shortlisting, guidance on entrance tests, essays and letters of references, post-application follow-ups and finalizing with universities. ***Here is your one-stop solution to the entire application process!***

CAREER, COURSE & COUNTRY

- Conducting psychometric assessments to understand student's innate ability and strengths, as well as parent's aspiration.
- Guiding students in choosing the right career to pursue by matching their interest and aptitude.
- Introducing students up to 3 careers options to evaluate.
- Change to 'Introducing students up to 3 career options.'
- Charting out the 'Path to career' for each of the selected careers.
- In alignment with the chosen career, finalizing the course to be pursued.
- Helping students in understanding the cost involved in pursuing a specific course.

END RESULT

- By assessing multiple career options, students will have a clear idea about the right career which might suite their temperament and needs.
- Student will have identified a degree/course best suiting his strengths and aspirations.

TEST PREPARATION

- Basic guidance on the overview of the admission test processes.
- Guiding students on test to be given, its pattern & syllabus and finalizing best strategy for preparation.
- Helping students in Locating the best test prep institutes / books.
- Helping students in registering for up to 3 online tests.

END RESULT

- Students will have a clear understanding of the kind of tests to prepare for and amount of preparation required.
- Students will have identified & joined the best training institute and registered for up to 3 online tests.

IDEAL COLLEGE LIST

- For up to 2 career options, understanding of the students/parents aspirations about the colleges which they would like to target.
- Creating a personalized college list based on the student's profile & requirements and their ability to secure admission.
- Shortlisting the colleges under each of the three lists: Aspiration list, Best-fit and Safe list.
- Preparing a detailed University Information Sheet (UIS) for each of the colleges finalized.
- Helping students shortlist & finalize list of colleges.

END RESULT

- After evaluating multiple college options, students will have a clear list of colleges to apply to, thus giving them a clear goal to work towards.
