

To put things succinctly, studying at Kent State is awesome. As a student, I find it hard to distill several weeks and months of learning experience worth of educational travel adventures into words. Kent State offers space to explore my inner self while still providing a safe place to catch my breath and feel the familiarity of home, so come to Kent State and celebrate the journey.

## See yourself here.

Studying is both fun and challenging at Kent State University. I realized that all the courses I took made me think independently and creatively. Also, it is one of the greatest places to have friends from all over the world because there are many international students at Kent State. I am proud to be a student at Kent State.

I have met the friendliest people at Kent State University. Since I have been here, lots of people have helped and encouraged me to do my best. Kent State is a comfortable and quiet campus away from the hustle of the city. There are many activities and opportunities for international students to improve their work and study experience. I am so happy I found the right place for me.

People are very helpful at Kent State University. I have met many international students through the Office of Global Education and built a strong social network. I interact with other students by sharing food, joining meetings, playing sports, attending cultural and social programs, and participating in service projects. Kent State not only offers me leadership opportunities but also helps me develop a set of skills required for my academic and professional career. I feel proud to be a student of KSU!
