EFFORT GRADE

2**COMMENTS:**

Diya is better at writing fictional, creative stories rather than non fictional informative writing. In the diary entry, she somehow got confused between writing a narrative or an emotional reflective text. She needs to revise complex sentences, writing in the first person perspective and write to captivate the interest of the reader. She is advised to read and practice some non fiction writing in the form of newsletter, magazine article and diary entry.

1**COMMENTS:**

Diya has fared extremely well in French this quarter. Even during the distance learning phase, she kept up with submissions and didn't miss a single deadline! The only area where she could focus a bit more is pronunciation. This skill will be extremely important especially from the point of view of the IGCSE exams. But overall, well done!

1**COMMENTS:**

दीया बहुत ही ईमानदार और अनुशासित छात्रा हैं, जिनकी हिंदी में अच्छी पकड़ है। इस तिमाही के प्रारंभ में कुछ कार्यों में उतार-चढ़ाव वाले अंक प्राप्त हुए हैं लेकिन पी.बी.एल के प्रत्येक कार्य को इन्होंने बहुत ही परिश्रम तथा लगन के साथ किया। इन्होंने अपने प्रत्येक कार्य जैसे पी.पी.टी बनाना तथा साक्षात्कार में अपने हिंदी कौशल का परिचय दिया जो काबिले तारीफ़ है। मैं दीया को वाक्य संरचना तथा वर्तनी की अशुद्धियों में सुधार के लिए हिंदी कहानियों का वाचन करने की सलाह दूँगा।

2**COMMENTS:**

Diya has consistently performed well this entire year but I do not believe that this is her best performance. While there is no denying that she has worked hard this semester, she can still do better and get her grades up in the A category. This is possible by planning and organising a submission well in advance and constantly going back to it to find ways to improve the same. I am confident that most times Diya will find the answers herself on how she can improve her submissions. Her PBL topic and submission were interesting with a fresh angle explored. The same approach can be taken for all future submissions, no matter which subject she has selected.

You can do it Diya, I have high expectations of you! Wishing you immense success for the future!

Diya is helpful and kind and is a pleasure to be around. She follows simple mathematical arguments and is able to communicate with some clarity and justification of reasoning. She performed well during the formative assessments at the beginning of this quarter. However, Diya's performance during PBL has not been consistent. She can benefit by incorporating the feedback given and work on time management skills. I encourage you to work hard and do better in the future, something you are very capable of. I wish you all the best for IGCSE and beyond. Remember to believe in yourself and that hard work is the key to success.
