Career Motivators

Career Motivators, in the simplest term, are factors that encourage one to perform better at work. It could be anything- Money, Respect, Creativity, Challenge, and Recognition.

Career Motivators may not be same for every person. To one person, money could be of higher priority, to another recognition. Hence, it is very important that one chooses his/her career that has areas of motivational factor. Career Motivators are an important element in choosing a career else one's career after a while may seem boring and uninteresting.

EXAMPLE

- ✔ To a businessman, profits (money) could be the motivational factor whereas to a politician, seeing the nation's development is the motivational factor.
- ✔ Being in social work career will get you lots of respect from society when compared to being engineer. But being a social worker would mean travel and less comfortable life as one requires to fight and help downtrodden.
- ✔ Being an engineer would mean more stability but would not bag respect as that of social worker. So if you want your career to be more comfortable and predictable then being an engineer would be a better option than being a social worker.

Top Motivators of Anubhav

MONEY

To you money is a big career motivator. You want money more than just survival. So, you will be happy in a job that pays you VERY well. To many of us money is big career motivator. And why not? After all, it helps to make life go smoothly. For a lot of us, living with materialistic comfort is important.

RESPECT

While each of us yearn for different things in life, many look for respect. You want prestigious job. A job which will make people look up to you is ideal for you. Professions such as Doctor and Social Workers are ones which brings in a lot of respect.

CHALLENGE

A job that throws difficult circumstances every now and then is the one that will keep you hooked to it. We often hear freshers saying - 'we are looking for a challenging job'. Such folks like jobs where they are required to raise the bar of their work quality regularly. And it is this (challenging) quality of the job that keeps them motivated.

Aptitude Report

It may be true that with hard work and determination, one can perform well in any field. However, having an aptitude for that field can make things much easier. But what is aptitude? In the simplest of terms, Aptitude is nothing but the natural ease of learning something. And if that is there, a career journey can become very easy. Hence, it becomes essential that you know your aptitude and choose a career.

For example, if your verbal communication skills are at VERY GOOD level, which means have high aptitude in that. However, your writing skills or your body language may be at average level or even below average. In such case you need to focus more on the low aptitude areas. This is the advantage of specifically identifying the problem areas. It reduces the amount of effort you need to put on your training for the improvements.

Top Interest of Anubhav

Take a moment to ask, **"What do I enjoy?"**

"Interests" are those activities you do for fun or enjoyment, including **what you like to read, the TV shows and movies you like to watch, events you like to attend, and the kind of people you admire and like to be with.**

Interest is important in choosing a career or occupation because interest keeps you motivated and engaged in your work. Since work takes up most of your time during a day and week, if you have no interest in what you are doing, you will most likely become unhappy and unproductive.

THEME	CODE	INTERESTS	VALUES
Social	S	People skills, teamwork, helping community, verbal ability, listening, showing understanding	Cooperation, generosity, service to others
Conventional	C	Setting up procedures and systems, attention details, organising and keeping records	Accuracy, stability, efficiency
Realistic	R	Mechanical ingenuity and dexterity, physical coordination, working outdoors	Tradition, practicality, common sense

Personality Report

We all have distinguished personality traits, like a few of us are more analytical in nature, while others may have an artistic bent of mind. One may be good at managing numbers, other may excel at handling people. These qualities in us can have a great impact on the career we choose. Hence, keeping in mind one's personality trait will help in making one's career easy. These inbuilt skills will help shape the career smoothly and the chosen job will not be a big task.

For example, someone who is introvert by nature will find it quite difficult to be in a sales job as the work requires a go-getter attitude. Yet another instance is someone without the sense of language appreciation will not be suitable for an editorial job.
