Career Motivators

Career Motivators, in the simplest term, are factors that encourage one to perform better at work. It could be anything- Money, Respect, Creativity, Challenge, and Recognition.

Career Motivators may not be same for every person. To one person, money could be of higher priority, to another recognition. Hence, it is very important that one chooses his/her career that has areas of motivational factor. Career Motivators are an important element in choosing a career else one's career after a while may seem boring and uninteresting.

EXAMPLE

- ✓ To a businessman, profits (money) could be the motivational factor whereas to a politician, seeing the nation's development is the motivational factor.
- ✓ Being in social work career will get you lots of respect from society when compared to being engineer. But being a social worker would mean travel and less comfortable life as one requires to fight and help downtrodden.
- ✓ Being an engineer would mean more stability but would not bag respect as that of social worker. So if you want your career to be more comfortable and predictable then being an engineer would be a better option than being a social worker.

Top Motivators of Abishek

LEADERSHIP

You want a job that makes you take responsibilities of things and people of your team. This career motivator is for people who like to lead and follow. If they are given a position and job where they can lead people, they do their best to perform good and stay in the job.

LEISURE

A job that allows you to have time enough for having a personal life is what you want. Something like a teacher's job which is not very hectic and does not occupy all day. While a few may argue, work has no concept like leisure. But contradicting that we say, it does. Many jobs require less working hours, which eventually leaves them with leisure hours!

MONEY

To you money is a big career motivator. You want money more than just survival. So, you will be happy in a job that pays you VERY well. To many of us money is big career motivator. And why not? After all, it helps to make life go smoothly. For a lot of us, living with materialistic comfort is important.

Aptitude Report

It may be true that with hard work and determination, one can perform well in any field. However, having an aptitude for that field can make things much easier. But what is aptitude? In the simplest of terms, Aptitude is nothing but the natural ease of learning something. And if that is there, a career journey can become very easy. Hence, it becomes essential that you know your aptitude and choose a career.

For example, if your verbal communication skills are at VERY GOOD level, which means have high aptitude in that. However, your writing skills or your body language may be at average level or even below average. In such case you need to focus more on the low aptitude areas. This is the advantage of specifically identifying the problem areas. It reduces the amount of effort you need to put on your training for the improvements.
