Umail Queries

Hello,

I revised my Vtech essays based on the corrections that you sent me, but can we also focus on the content? I want to make sure that they understand the message that I am trying to get across and I'm worried that this might be a little confusing.

Thank you,

Aastha Batra

Hello,

Sorry I have not gotten back to you. I have completed the majority of my Virginia Tech and NC State applications. The only thing I have left to do are the essays. I sent you two of my Vtech personal statements in September, but I have not gotten them back. Since the deadline for those two applications is November 1st, I think it's better if I just do those two essays first and do the rest later since I also have exams at the same time.

The rest of the colleges that I am applying to have later deadlines so I think it's best that I concentrate on the ones that I wish to get into first and then focus on the later ones next month.

Thank you,

Aastha Batra

All right. I'm almost done with my essays so I will email them tomorrow afternoon.

October 10, 2012

When it says 500 characters, what exactly does that mean?

September 09, 2012

I worked on the Virginia Tech application. I did two of the personal statements. There's one more that I have to do but I'm still deciding on that. They are supposed to be 250 words max, but the first one is too long so I need to shorten it down. I have attached my responses to this email.

August 31, 2012

I have attached my SOP. Are you going to read through it and give me feedback?

August 31, 2012

I have already started working on most of the applications. I will send the usernames and passwords across when I am just about finished with most of it. Also, I have attached my SOP again after reviewing it and making the corrections that you asked me to.

August 25, 2012

The SOP is different from the personal essay, right? Do I have to write one per university that I apply to?

August 25, 2012

All right. I have a couple of tests in the next two days so I will send the SOP by Wednesday.

August 25, 2012

I have another question. When do I have to apply for scholarships for the colleges? Is it right after I send in the application or after I get an admission?

August 07, 2012

How do I apply for financial aid and other scholarships?

August 07, 2012

I have tried to email Amrapalli Lall several times, but the emails keep bouncing back. Can I have the correct email address?

Thank you

You said you'd send me a list of safe colleges that I should also apply to a few weeks ago. Since the application process has already begun, can you please send me the list as soon as possible so I can finalize the colleges?

Thank you
