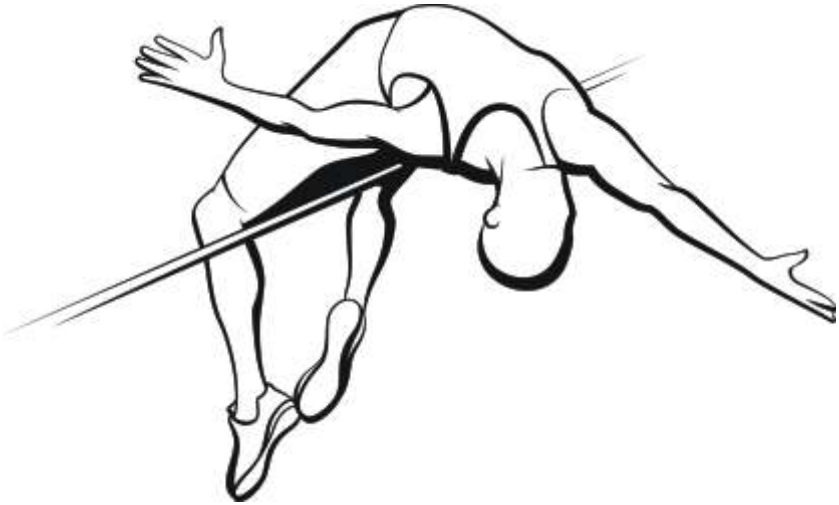
JEE for admission to IITs & NITs



Go for it.

Prove that you're
good enough to be the best.

IIT JEE Achiever 2016

For +2 Students

Why Are IITs the Most Preferred

The exciting world of technology has always inspired the best among us. Indian Institutes of Technology, IITs in short, have become the symbolic icons of technology. It is here that the best young students of our country are groomed to become the finest in their chosen branches, in the most inspiring of academic environments. It is no secret that the whole world holds IIT graduates in great esteem. Students from these revered institutions literally walk in to world class careers of their choice. To the lakhs of aspirants every year, a seat in an IIT is indeed the ultimate dream.

The Challenge of JEE Advanced: Every Question is New

The extremely stringent standards of JEE Advanced present daunting challenges even to the best of students. It is simply because the JEE Advanced probes into the extreme corners of conceptual understanding of core science and mathematics.

Every year is a new year. And every question is a new question. Question patterns keep changing. To take the JEE Advanced head on, students need clarity of mind, mastery of subject matter and problem solving ability under pressure conditions. It is a challenge only the bravest in the land can take on, if they are well trained... at a place like BASE.

IIT JEE Achiever for JEE Main and JEE Advanced

IIT JEE Achiever at BASE is an intensive 2-year training program for Plus 2 students. Through its mission of enabling superior level achievement, BASE has meticulously built a comprehensive resource base that is today an engine of building cutting edge competencies in our students. That **more students qualify into the IITs from BASE than from all the other competing institutions in Karnataka put together**, highlights that with BASE, you are better prepared for **JEE Main and JEE Advanced.**

Program Offered through:

- Regular program at BASE centres
- Integrated program at select institutions
- BASE@Home (via Internet)
- Classroom Connect
- Distance Learning

Admission to IITs:

New Admission Policy

As per available information, with effect from 2013, admission to the IITs is now a 3-stage process.

Stage 1: Qualify in JEE (Main) Top 150,000 are eligible for JEE (Advanced).

Stage 2: JEE (Advanced). Qualify and figure in the rank list. Qualifying students should be ...

Stage 3: Within top 20 percentile of their respective boards

Admission to NITs:

Now Based on JEE (Main)

As per available information, with effect from 2013, admission to the NITs will be based on performance in JEE (Main). **This replaces AIEEE.** Final rank of a student is based on :

- Performance in JEE (Main) (60% weightage)
- Performance in Board Examination (40% weightage)

Course Components

Course Content

IIT JEE Achiever covers exhaustive content in Physics, Chemistry and Mathematics. The content addresses the journey that every student at BASE is expected to go through, viz., understanding, conceptualization and application. It covers the related topics with quality synopses and is followed up with adequate worked examples and practice exercises. While the theoretical basics drive home the concepts with clarity, problems are designed to enable the students to apply innovation.

Classroom Sessions

Classroom sessions are interactive. The focus is on innovative problem solving. Students are always encouraged to explore multiple approaches to solving problems. BASE insists on regular student attendance, since each session holds a strong thread to the next and eventually to the student's performance at the JEE.

Excellent teaching apart, the regular tests and work sessions helped.

- ***Prajwal. K. A.**, at BASE 2011-13, Now at IIT Bombay (B.Tech., Civil)*

I owe my seat in IIT to the teachers at BASE. The course modules too met my expectations.

- ***Daivik Swarup** at BASE 2011-13, Now at IIT Kharagpur (Electronics and Electrical Communication Engineering)*

Assessment

Regular tests will be conducted to prepare the students for the rigorous JEE. Answers to questions in these practice tests will be discussed in the classroom. In fact, the standard of questions match those in the JEE (Main) and JEE (Advanced). As a policy, we throw up a myriad surprises in these tests. Because every year is a new year and every question at JEE is new.

Additional Learning Support

Another important feature of BASE training is the learning support we provide during IIT JEE Achiever. Beyond classroom teaching, we provide a window to the following:

- Effective study techniques
- Problem solving methods
- Soft skills
- Time and stress management skills

Through its 22 years of leadership in student training, BASE has painstakingly put together best practices in learning and various tools that it passes on to its students. Especially, the planning tools are very useful.

BASE faculty provides mentoring and counselling support, to understand each student's specific academic and emotional support requirements, and work towards providing them.

Online Learning Platform

BASE online academic support will include online tests, online additional work sessions, synopsis, solutions, discussion forum etc. Option to have courseware as online e-book will be available. Online services will be available both on computers and Android based tablets.

Students and parents will be provided a unique ID and password, to access reports on attendance and performance.

Delivery

The 2-year IIT JEE Achiever Classroom Program is being offered through:

- **Classroom Program at BASE centres:** The schedules are convenient and the standard of teaching is consistent across all our branches.

There had been a lot of confusion regarding the pattern of the paper. But BASE gave us adequate practice for all the possible patterns. The BASE Camps held in the months of December and May helped me a lot.

- ***Mazhar Shaikh**, at BASE 2011-13,*
  Now at IIT Chennai, Integrated M.Tech. Program in Design Engineering

Achievements 2013

JEE (Advanced)
86
Qualified

Medical

AIIMS	2	JIPMER	4	CMC Vellore	2
St. Johns	7	NEET	7		

JEE (Main)
7 in Top 10
including ranks 1, 2 & 3

10 in Top 10 Positions

II PU

Centums

Physics	35	Electronics	61
Mathematics	43	Biology	8
Chemistry	28	Computer Science	16

CET

Rank # 1 in Engineering | 5 in Top 10 | Engineering 29 in Top 100 | Medical 19 in Top 100 | Rank # 1 in Medical

- **Integrated Classroom Programs at select BASE partner institutions:** The basic objective of this program is to synchronize what is taught for Board syllabus with the inputs provided in IIT JEE Achiever. More importantly, it saves time for the student.
- **ClassroomConnect:** Creating a BASE classroom at institutions, through Internet
- **BASE@Home:** Real-time interactive learning, right at your home through Internet
- **Distance Learning Program:** Learning so effective, you will never feel the distance

CET Toppers from IIT JEE Achiever

29 BASE students are among the Top 100 ranks in CET 2013. And all of them are from IIT JEE Achiever program. So, if you want to admission into a college of your choice, you are advised to pursue IIT JEE Achiever program.

What Makes BASE a Better Choice?

What is different about BASE training? Here are a few pointers.

- **BASE Methodology**: BASE has a macro view to student training. The difference is: How to solve a problem Vs. How to solve the problem. We are focused on training our students on the process and logic of problem solving. This is the key takeaway from a BASE course. It stays for life.
- **Integrated Learning**: JEE Advanced also measures students' grasp of the interrelationships among different topics and subjects. We at BASE train our students with this perspective.
- **Faculty**: Over 200 faculty members, some of them ex-IIT professors - all of them understand the tremendous responsibility of shaping the future of bright young people. The commitment and passion are unmistakable.
- **Positive Academic Environment**: Outstanding peer group, inspiring teachers and support infrastructure create a positive learning environment. "The value-based interactive environment is a most cherished experience," aver several students.

Support for Board Exams

Apart from JEE, the program also enables students to achieve excellence in board exams and other competitive exams like CET.

Beyond JEE

While IIT JEE Achiever helps you to prepare for the tough JEE, it also helps in preparation for other competitive exams like BITSAT, CET, etc.

Outstanding performers can also aspire to pursue B.S. at IISc., Bangalore. Students desirous of careers in Science & Research, can aspire to join institutions like IISERs. The IISERs at Bhopal, Mohali, Pune, Kolkata and Thiruvanantapuram represent a unique initiative in India where teaching and education are totally integrated with state-of-the-art research. JEE scores are important for admission to IISc. and IISERs .

For students taking CET, IIT JEE Achiever puts them way ahead of the rest. While BASE students scored an encore in CET 2013, students from IIT JEE Achiever program performed exceedingly well.

How BASE Training Helps Later

What is rewarding for us is not the immediate success of our students. It is the transformation our methodology effected in them. Logical problem solving, methodical working methods and competitive outlook are traits they carry in higher learning and in their careers as well. This is the feedback we receive from several successful alumni.

- BASE students perform extremely well in their undergraduate courses. The foundation they receive here gives them a definite edge all through their careers.
- With the early advantage they get, BASE students are achievers in their professional careers too - our alumni are our true brand ambassadors!

Selection Criteria

Scholarships for students who excel in selection test

Admission to IIT JEE Achiever is based on a selection test. For details, contact the nearest BASE centre**.**

For Registration and More Information

You can call us or write to us for more information. You can even interact with our student counsellors.

17 students from BASE are KVPY awardees 2012

For registration, please contact us at the numbers mentioned or visit our website**: www.base-edu.in**

Achievement @ International Olympiads

BASE achievers who have represented India and have won medals at international Olympiads include:

Astronomy	Akshay Krishna, Poland, 2011
	Amit Warrier, Ukraine, 2007
Physics	Harish R, Singapore, 2006
	Arjun R, Spain, 2005
	Ajit Kumar Nema, South Korea, 2004
	Sundeep B, Bali, 2002
	Narayan Satyan, Turkey, 2001
	Harsha Madhyastha, Italy, 1999
Chemistry	Kishore J, Singapore, 2006
	Joish Rajendra Kumar, Taiwan, 2005
	Kiran C, Athens, 2003
Mathematics	N R Prasad, South Korea, 2000

IIT JEE Achiever prepares interested students for KVPY and Olympiads during XI/XII std.

BASE Alumni

Sundeep B

He got through IIT-JEE, with an All India Rank of 4, joined IIT, Chennai - Computer Science, and topped with a CGPA of 9.91 on 10. Got 10 on 10 in 4 semesters - and wiped out all the previous records of B.Tech. in IIT Chennai and his score stands as the best even today. Passed out in 2006 - with the President of India Gold Medal!

BASE Alumni

Shaama M S

She joined IIT Bombay - Chemical Engineering, in 2003. Was awarded Young Engineers' Fellowship Programme at IISc. Bangalore (2006). Awarded the Institute Gold Medal for securing the highest GPA (2007). Secured 99.95 percentile in CAT 2008. Had interview calls from IIM B, IIM L, IIM I and IIM K.

This program is also available through

Learn directly from the expert teachers @ BASE, online.

BASE brings a unique online classroom experience. So, whether you are in Basavanagudi or Basavakalyan, you can be part of the class of expert teachers at BASE - in real-time! All you need is access to a computer with broadband Internet connection.

How is BASE@Home Enabled?

↓

Classes will be conducted based on pre-scheduled time table

↓

Students will log into the class through Internet at class time

↓

BASE faculty will conduct the class from BASE facilities

↓

Clarifications are addressed by the faculty in real-time

Classroom Training | Distance Learning Programs | ClassroomConnect | BASE@Home

BASE Classes at*:
Bengaluru (Basavanagudi, Rajajinagar, Indiranagar, Vijayanagar, BASE@Home, Yelahanka, Malleshwaram, JP Nagar, Koramangala & BSK 2nd Stage), Belgaum, Hubli-Dharwad, Mysore, Shimoga, Tumkur & Udupi
